	1921-1922
	1922-1923

Inaugural Address

Delivered by the Mayor, Hon. Eli J. King

To the Honorable City Council of Berlin:

For the fourth time it is my pleasure to assume the direction of the municipal affairs of the city of Berlin. It was a great pleasure indeed to me to be elected to this honorable office by such an unprecedented majority, and I assure the people of this municipality that I appreciate and thank them for their vote of confidence.

For the first time in some years the majority of the Council are of the same political faith as the Mayor. This is very gratifying indeed, but this also places a greater responsibility on the majority, for the reason that our party is in direct control and will be held responsible for our work during the coming year. I sincerely hope that we may be worthy of our trust; and that our record will be an honor, not only to our city, but to the party whom we have the honor of representing.

Finances

The charge of our political opponents notwithstanding, I wish to state that the city is in sound financial shape. While it is true that on account of the new High School building which it was found necessary to raise bonds to construct last year, we have increased our city debt considerably, this does not necessarily mean that our finances are in bad shape; because, looking forward to what remains to be done in the city, I see no reason why we should need another bond issue for several years to come. In the meantime our debt will be paid very fast yearly, and in two or three years we will be in a position to meet any unforeseen emergency.

Even though we are in such good shape, there is no reason why we should not during the coming year practice economy in every Department. This is not only necessary for the welfare

of the city, but in view of the depression of business it may become necessary for the city to do something to take care of any unemployment situation that may arise in our municipality; and when that time comes we want to be prepared to meet that emergency and meet it manfully. Economy that means suffering to our citizens is a very poor economic policy.

Department of Public Works

In view of the fact that so much work was done in this Department last year, the appropriation of this Department can be materially reduced for the coming year. We ought to build one mile of concrete road on the state highway leading from Berlin to Milan. Half of this expenditure is paid by the state, and we should take advantage of the offer of the state and build some mileage each year until the Milan line has been reached. In my opinion, nothing is of more value to a city than a good roads approach. A visitor to our city always gets his first impression by the roads that lead into the municipality; and no expense should be spared to make our approaches the best that money can buy.

Sometime during the coming summer we should finish Pleasant Street extension. The property has all been purchased, and the only expense would be the construction of the road from Green to Exchange Street. School Street from Success to Third Street should be finished this year. Outside of the work that I have just mentioned, I do not believe that it will be necessary to expend any great amount of money on any of the other streets in the city.

Public Schools

With the completion of the new High School sometime this fall, we will be in a position to take care of all of our pupils and to furnish to our children in this city education in commodious and healthful quarters.

Fire Department

Our Fire Department is in first-class condition, and with the addition of the new fire station in Ward 3, built last year, the city is well equipped for fire-fighting purposes. It may be necessary during the coming year to purchase either a pair of horses or a new motor-driven fire truck. We will endeavor to meet this situation at the opportune time.

Public Parks and Playgrounds

A small appropriation ought to be made this year in order to up-keep the work that has already been done in this Department. It will be impossible to attempt any new construction, but it would be foolish for the city to allow what work has already been done to deteriorate on account of lack of attention.

Conclusion

I am very much opposed to any Department exceeding its appropriation; and this should never be done unless in cases of emergency, when sometimes it is unavoidable. But in order to keep a proper check upon the appropriations this year, I am going to hold the heads of every Department responsible for the condition and expenditures in his Department. I am going to endeavor, through supervision and bookkeeping, to keep myself daily informed of the amount expended in each Department. Although I realize that this will mean considerably more work for the Mayor, still I believe that the city has reached a time when it demands more from its Chief Executive; and having accepted the honor from the citizens I will not shirk that responsibility, but will give to the city all of my time that is needed to make the present administration efficient and economical. I ask each and every one of you Councilmen to give me your support, and to co-operate with me in this plan; for it is only fair to the citizens of this municipality that having assumed the offices we should also assume the responsibility.

Respectfully submitted,

ELI J. KING, Mayor.

An Ordinance

In the Year of our Lord one thousand nine hundred and twenty-two.

AN ORDINANCE governing dance halls in the City of Berlin.

Be it ordained by the City Council of the City of Berlin, as follows:

Section 1. No person, firm or corporation shall keep a hall for dancing in the City of Berlin, except for private use, unless a license therefor shall first be obtained from the Board of Mayor and Councilmen; said license when granted shall be issued by the City Clerk under the jurisdiction of the Committee on Licenses.

Section 2. A police officer, also a dance hall matron, to be approved by the Chief of Police shall be in attendance at all public dances.

Section 3. Minors under the age of seventeen years shall not be admitted to hall unless accompanied by parent or guardian.

Section 4. Gentlemen must not remain in ladies' rooms or parlors.

Section 5. Smoking permitted only in men's rooms, not in hall or corridors.

Section 6. All emergency exits from hall, including entries and stairways of such exits, shall be properly lighted until the dance is over.

Section 7. Chairs and tables used for checklists shall not be placed in hallways or stairways in such manner as to block egress from the hall.

Section 8. Disorderly persons will be arrested for disturbing a public assemblage.

Section 9. Improper dancing will not be tolerated; persons so indulging will be immediately ejected.

Section 10. No moonlight effects will be allowed.

Section 11. No dance shall continue after two o'clock a. m., and not later than 11:45 p. m. Saturdays.

Section 12. The violation of the provisions of this ordinance shall be punished by a fine not exceeding ten dollars for each offense, subject to license being revoked.

Section 13. This ordinance shall take effect upon its passage.

Passed Oct. 3, 1922.

Approved,
E. J. KING,
Mayor.

Attested:
H. M. MOFFETT,
City Clerk.

Orders

In the year of our Lord one thousand nine hundred and twenty-two.

City Clerk.

In the Year of Our Lord One Thousand Nine Hundred and Twenty-Two.

A RESOLUTION abolishing the Hutchins Street Crossing over the Boston & Maine Railroad and establishing a new crossing over the said Boston & Maine Railroad on Bridge Street in said City.

Resolved by the City Council of the City of Berlin as follows:

That the public good requires that the crossing situate on Hutchins Street over the Boston & Maine Railway be abolished, and that said crossing is hereby abolished; that for the accommodation of the public served by this crossing, a new crossing be established on Bridge Street over the Boston & Maine Railroad, and that said new crossing over Bridge Street is hereby authorized.

Passed June 20, 1922.

Approved,
E. J. KING,
Mayor.

Attest:
H. M. MOFFETT,
City Clerk.

In the Year of Our Lord One Thousand Nine Hundred and Twenty-Two.

A RESOLUTION relating to a petition now pending before the Public Service Commission of New Hampshire, made by the Brown Company of said City, dated May 27, 1922, requesting the commission's approval of the railroad crossing of the Berlin Mills Railroad over Mason Street.

Resolved by the City Council of the City of Berlin as follows:

That the right to a hearing on the above described petition be waived, and that no objections be made to the granting of the prayer thereof, requesting that the construction, maintenance and use of the Berlin Mills Railroad over and across Mason Street in said City be approved by the Public Service Commission of New Hampshire.

Passed June 20, 1922.

Approved,
E. J. KING,
Mayor.

Attest:
H. M. MOFFETT,
City Clerk.

In the Year of Our Lord One Thousand Nine Hundred and Twenty-Two.

A RESOLUTION authorizing the issue of serial bonds of said City to the amount of eighty thousand dollars ($80,000.00).

Resolved by the City Council of the City of Berlin as follows:

That there be appropriated for the purpose of completing and equipping the new high school the sum of eighty thousand dollars ($80,000.00). Be it further resolved that the City Treasurer be and he is hereby authorized to borrow said sum of eighty thousand dollars ($80,000.00) and for that purpose that the bonds of said City be issued to the extent of eighty thousand dollars ($80,000.00) under the "Municipal Bonds Act of 1895" and acts amendatory of and in addition thereto.

Said bonds shall be dated August 1, 1922 to be in coupon form payable to bearer, maturing four thousand dollars ($4,000.00) on August 1, 1923 and four thousand dollars on the first day of August of each of the years 1924 to 1942 inclusive.

Each annual payment to be divided into bonds of one thousand dollars each, principal and interest to be payable at Old Colony Trust Company, Boston, Mass., and none of the said bonds to be obligatory without the authenticating certificates of said Old Colony Trust Company endorsed thereon. The said bonds shall bear the seal of said City, to be signed by the Mayor and countersigned by the City Treasurer and bear interest at the rate of four and one-half (4½%) per annum, payable semi-annually. A coupon attached to said bond shall bear the face-simile signature of the City Treasurer.

Further particulars as to the form, issuance and sale of said bonds to be determined within legal requirements by the City Treasurer subject to the approval of the Finance Committee.

The proceeds of said bonds in the amount specified shall be applied solely for the purposes designated.

That for the purpose of providing payment of the principal and interest of said bonds there shall be raised by taxation each year sums sufficient to pay said principal and interest each year until said bonds are paid in full.

Passed July 18, 1922.

Approved,
E. J. KING,
Mayor.

Attest:
H. M. MOFFETT,
City Clerk.

In the Year of Our Lord One Thousand Nine Hundred and Twenty-Two.

A RESOLUTION authorizing the issue of a note of said City to the amount of ten thousand dollars for permanent sewers.

Resolved by the City Council of the City of Berlin as follows:

That there be appropriated the sum of $10,000 for the purpose of laying 2,450 feet of permanent sewer pipe in the City of Berlin as follows:

250 feet on Marble Street.

400 feet on Wescott Street.

750 feet on Lancaster Street.

350 feet on Coos Street.

500 feet on Beaudoin Street.

200 feet on Forbush Avenue.

Be it further resolved that the City Treasurer be and he is hereby authorized to borrow said sum of ten thousand dollars, and for that purpose that a note of said City be issued to the amount of ten thousand dollars ($10,000.00) under the "Municipal Bonds Act of 1895" and acts amendatory of and in addition thereto.

Said note shall be dated November 1, 1922, form payable to bearer, maturing twelve months from date. The said note shall bear the seal of said City to be signed by the Mayor and countersigned by the City Treasurer.

Be it further resolved that the City Treasurer is authorized to discount said note with the Old Colony Trust Company of Boston, Massachusetts at a discount of 4½ per cent, and that any further particulars as to the form, issuance and sale of said note is to be determined, within legal requirements, by the City Treasurer.

The proceeds of said note in the amount specified shall be applied solely for the purposes designated.

That for the purpose of providing payment of said note there shall be raised by taxation next year sums sufficient to pay said note.

Passed Oct. 24, 1922.

Approved,
E. J. KING,
Mayor.

Attest:
H. M. MOFFETT,
City Clerk.

Department Reports

Report of City Engineer

Berlin, N. H., Jan. 26, 1923.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—I hereby submit my report as City Engineer for the year ending January 31, 1923. As City Engineer it is my duty to give all lines and grades used by the different departments of the City, and to supervise all construction of roads, sidewalks and sewers, also to make such plans and specifications for same as required.

The first part of the year I worked with the special committee and the School Board on the New High School in making layouts for the equipment for the new building. By doing this work the City was saved a substantial architect's fee. Plans of special equipment, walks and curbing for the new school were furnished by this office, also lines and grades for the Marston School wall.

The Berlin Mills Fire Station was completed and turned over to the Fire Department early in the year.

Additional lots were staked out at the New Cemetery.

Estimates were made for all proposed construction work for the year 1922.

Pleasant Street Extension was started this year. This required lines, grades, surveys and descriptions of land purchased by the City to complete this project.

An exchange of land was made between the Berlin National Bank and the City of Berlin for improvements on Green Square. Surveys, plans and descriptions were furnished by this office.

Lines and grades were given for the following improvements:

BITUMINOUS CONCRETE: First Avenue, York Street, Goebel Street and Pleasant Street.

WATERBOUND MACADAM: Holt Avenue, Western Avenue, High Street and Madigan Street.

CONCRETE PAVING: Mason Street.

CONCRETE SIDEWALKS: Goebel Street, Strafford Street, Champlain Street, Grafton Street, Mason Street and Main Street.

CONCRETE CURB: Mt. Forist Street, Russian Street, Hillside Avenue, Sweden Street, School Street, First Avenue, York Street and Champlain Street.

CONCRETE WALLS: School Street and Maple Street.

SEWERS: York Street, Second Avenue, Fourth Street, Western Avenue, Hutchins Street, Carrol and Sullivan Streets, Willow Street, Norway Street, Burgess Street, Hillside Avenue, Horne Street, Finland Street and Third Avenue. Besides numerous repair jobs and locating and raising old manholes. In all 5,008 feet tile pipe ranging in size from 18 inches to 6 inches were laid.

The Sewer Book has been completed to date showing all new work and correct locations of many of the old sewers that have been laid in years previous.

Maps have been made showing street paving, fire alarm circuits and boxes, hydrants and electric light locations.

The Engineers of the Twin State Gas and Electric Company and the Coos Telephone Company have reached an agreement that all future pole locations shall be used jointly, thus making less poles and a better appearance of our streets.

I have been able to acquire a few valuable plans during the past year. Some of these were copied from the original drawings in Lancaster and others from old plans found here in the City. These plans are on file at the Engineer's Office, City Hall.

This office has done considerable work for the State Highway Department, owing to the fact that the division Engineer was unable to be in the City at different times.

Miscellaneous work, such as street lines and grades for those wishing to build walls or fences on the street line, foundation grades for those building houses, also street names and house numbers were handled by this department.

In closing I wish to thank the Mayor and Council, City Officials and the residents of the City for their hearty cooperation during the past year.

Respectfully submitted,
FRANCIS L. BRANNEN,
City Engineer.

Report of Police Commission

To His Excellency, the Governor of the State of New Hampshire, and to His Honor, the Mayor, and City Council of the City of Berlin:

In accordance with the provisions of Chapter 160 of the Session Laws of 1905, we submit herewith our report from December 31st, 1921, to December 31st, 1922.

There have been no changes of consequence since our last report.

During the year some of our officers have resigned, and others have been appointed in their places.

While there have been a number of law violations, especially of the liquor law, our officers have been viligant, and have filled their offices with a keen sense of their official duties, and so far as we are informed have given satisfaction.

We have had only one complaint against an officer, which, after a hearing, was dismissed.

Owing to the congested condition of some of our streets, occasioned by the parking of automobiles, the Commission has deemed it wise to make some street traffic regulations, which have been published in the local paper, a copy of which can be obtained at the City Marshal's office.

At our annual meeting Charles L. Sanborn was chosen Chairman, and Joseph G. Blais, Clerk.

For property contained in the Department reference is made to the City Marshal's Report, which is annexed hereto.

Police Commissioners

The police Commissioners are appointed by the Governor, one each year for the period of three years, with a salary of three hundred and fifty dollars ($350.00) a year, to be divided as the Board may determine.

The term of each of the incumbents is as follows:

Edmund Sullivan, term expires Sept. 1, 1925.

Charles L. Sanborn, term expires Sept. 1, 1923.
Joseph G. Blais, term expires Sept. 1, 1924.

Officers

There are fourteen regular officers, including the City Marshal and Assistant City Marshal, who are paid the following salaries:

	Per Year
Orville Stewart, Marshal	$2,000.00
Alexander Stewart, Assistant Marshal	1,620.00
	Per Week
Patrick Pinette, Desk Clerk	32.00
Alfred Erickson	32.00
David Secord	32.00
Frank Lachance	32.00
Walter Hynes	32.00
Eugene Hanson	32.00
Aristide Leborgne	32.00
William Lyman	32.00
Theodore Anderson	32.00
John Osborne	32.00
Robert Waters	32.00
Henry Heath	32.00

Beats

Main Street, from Ste. Anne's Church to and including Glen Avenue.

Exchange Street, including Grand Trunk Railway Station and Pleasant Street, between Green and Mason Streets, are under constant surveillance of some officer.

Main Street, for a short distance above, opposite and below the Brown Company's store is patrolled from twelve o'clock noon to eleven p. m.

Mason Street, on the East Side, and in the vicinity of the Boston & Maine Railroad Station, is patrolled from twelve o'clock noon to eleven p. m.

Respectfully submitted,

CHARLES L. SANBORN,
JOSEPH G. BLAIS,
EDMUND SULLIVAN,
Police Commissioners.

POLICE DEPARTMENT

Yearly Report of the City Marshal

To the Honorable Board of Police Commissioners.

Gentlemen:—

I have the honor to submit for your consideration the Yearly Report of the Police Department, commencing Jan. 1st and ending Dec. 31, 1922.

The total cost of all new buildings, additions and repairs in the City of Berlin for the year ending January 31st, 1923, was $271,800.00. This does not include the new work done by the corporations, that is, the Brown Company and the International Paper Company.

I wish to thank the Mayor and Council and the members of the City Government for the aid and courtesies extended to me during the year of my official duties.

Respectfully submitted,

ALFRED LAUZIERE,

Building Inspector.

Report of the City Solicitor

To His Honor the Mayor and City Council of the City of Berlin:

I submit herewith my annual report to you as City Solicitor for the year ending January 31, 1923.

During the past year this Department has passed approval upon all contracts for the equipment of the new High School. I have investigated a large number of claims against the city on account of surface water and sewer damages. Out of this number only two have been allowed and ordered paid.

No new suits have been brought against the city during the past year. The Police Court work has been very heavy, and a great many complaints and prosecutions have been attended to by this Department.

The following cases are now pending in our Superior Court against the city:

International Paper Co. v. City of Berlin.

Anthony Oeschger v. City of Berlin.

C. Zolopsky v. City of Berlin.

Salvatore Morando v. City of Berlin.

Respectfully submitted,

O. J. COULOMBE,
City Solicitor.

Fire Department

Berlin, N. H., Jan. 31, 1923.

To His Honor, the Mayor and City Council of the City of Berlin:

Gentlemen:—I have the honor of submitting herewith the annual report of the Fire Department of the City of Berlin for the year ending January 31, 1923.

During the year 1922, there were 44 bell alarms, 110 still alarms, and 23 verbal alarms, making a total of 177, no alarms were received from out of town points during that period. In addition to these, I personally inspected 1,054 buildings and yards, ordering clean ups and changes where necessary. From Oct. 2 to 9th was observed as Fire Prevention Week and proved a great success. I would recommend that the city observe this week each year as it proved of great benefit to the Department and the city in general. I desire to express my sincere thanks to the Mayor and Council and to the citizens who gave their hearty cooperation in the matter.

I would recommend the addition of two more permanent men at the Central Fire Station, and one at the Berlin Mills Station. I feel that conditions require the addition of these extra men.

The City Council has authorized the purchase of an 8-circuit repeater to replace the present 4-circuit signal and it will be installed in the near future. This will be a great improvement over the present service. This divides the city into six sections where at the present time it is only in three. All the material has arrived for the new diaphone compressed air whistle which is to be installed at the Central Fire Station. This has Smith automatic completely arranged for 220 volts, 60 cy, 2 phase electric power current.

During the year just ended 1,400 feet of double jacketed hose has been purchased and seven new boxes are to be installed in the near future. I have already recommended to the City Coun-

cil the purchase of a triple combination. This I feel is a real necessity and I hope to see the same added to our department before another year.

A statement in detail of all fires and alarms for which damage was claimed is attached with the names of owners, occupants, etc.

Alarms

Date of fire Feb. 10. 2½-story frame building. Occupied as tenement. Owned by J. H. Montminy. Occupied by various parties. Value of building $4,000. Damage to building $25. Insurance on building $3,000. Insurance paid on building $25. Cause of fire, paper over flue hole. Remarks, chimney was in need of repair.

Date of fire Feb. 18. 1½-story frame building. Occupied as a residence. Owned by Thomas Castonguay. Occupied by same. Value of building $2,500. Damage to building $125.40. Insurance on building $1,500. Insurance paid on building $125.40. Cause of fire, overheated chimney.

Date of fire March 1. 1-story block. Occupied as store. Owned by M. Firestone. Occupied by same. Value of building $7,000. Damage to building $758. Insurance on building $8,000. Insurance paid on building 758. Value of contents $5,000. Damage to contents $1,959.50. Insurance on contents $4,000. Insurance paid on contents $1,959.50. Partial loss. Cause of fire, defective wiring.

Date of fire March 10. 3-story frame building. Occupied as a tenement. Owned by A. Montminy. Occupied by same and others. Value of building $4,500. Damage to building $24.07. Insurance on building $3,500. Insurance paid on building $24.07 Cause of fire, defective wiring.

Date of fire March 17. 1½-story frame building. Occupied as a residence. Owned by John LeBretton. Occupied by same. Value of building $4,000. Damage to building $15. Insurance on building $3,500. Insurance paid on building $15. Cause of fire, overheated chimney.

Date of fire April 7. 1½-story frame building. Occupied as store and tenement. Owned by H. Rosenfeld. Occupied by same and others. Value of building $5,000. Damage to building $40. Insurance on building $2,500. Insurance paid on building $40. Cause of fire, lighted match in waste paper.

Date of fire May 3. Wood. Occupied as mill. Owned by Brown Co. Occupied by same.

Date of fire May 11. 2½-story frame building. Occupied as store and tenement. Owned by O. W. Fernald. Occupied by various parties. Paid Mrs. Legere on store. Value of contents $800. Damage to contents $28. Insurance on contents $700. Insurance paid on contents $28. Partial loss. Cause of fire, oil stove exploding.

Date of fire May 13. 3-story block. Occupied as cafe and tenement. Owned by Est. P. McHugh. Occupied by various parties. Value of building $7,000. Damage to building $59. Insurance on building $6,000. Insurance paid on building $59. Cause of fire, defective chimney.

Date of fire, May 24. 1-story frame building. Occupied as garage and hen-house. Owned by Joe Wagner. Occupied by same. Value of building $200. Damage to building $75. Insurance on building $75. Insurance paid on building $75. Cause of fire, boys playing with matches.

Date of fire May 28. 1-story frame building. Occupied as garage. Owned by Christian Olson. Occupied by same. Value of building $400. Damage to building $75. Insurance on building $400. Insurance paid on building $75. Value of contents $300. Damage to contents $175. Insurance on contents $300. Insurance paid on contents $175. Partial loss. Cause of fire unknown.

Date of fire Feb. 4. Occupied as residence. Owned by Victor Chaloux. Occupied by same. Value of contents $800. Damage to contents $13.55. Insurance on contents $800. Insurance paid on contents $13.55. Partial loss. Cause of fire unknown.

Date of fire May 19. 1½-story frame building. Occupied as storehouse. Owned by A. Quintal & Co. Occupied by same. Value of building $5,000. Damage to building $175. Insurance on building $3,500. Insurance paid on building $175. Cause of fire, from wood pile on fire.

Date of fire May 9. 3-story block hotel. Owned by Est. Chas. McNally. Occupied by same. Value of building $20,000. Damage to building $8. Insurance on building $20,000. Insurance paid on building $8. Value of contents $4,000. Damage to contents $25. Insurance on contents $4,000. Insurance paid on contents $25. Cause of fire, smoking in bed.

Date of fire July 11. Wood building. Occupied as residence. Owned by Joseph Clouthier. Occupied by same. Value of building $3,000. Damage to building $22.50. Insurance on building $2,000. Insurance paid on building $22.50. Cause of fire, firecrackers. Remarks, this fire was caused by boys with fireworks.

Date of fire July 6. Wood building. Occupied as jewelry and tenement. Owned by David Doffey. Occupied by same. Value of building $16,000. Damage to building $29.50. Insurance on building $15,000. Insurance paid on building $29.50. Cause of fire unknown. Remarks, no alarm.

Date of fire July 16. Brick building. Occupied as paper mill. Owned by International Paper Co. Occupied by same. Value of building $150,000. Damage to building $9,626. Insurance on building. Blanket insurance on building. Insurance paid on building $9,626.

Date of fire July 25. Wood building. Occupied as residence. Owned by Myer Epstein. Occupied by same. Value of building $5,000. Damage to building $1,244.30. Insurance on building $4,000. Insurance paid on building $1,244.30. Cause of fire, defective wiring. Remarks, bell call.

Date of fire Aug. 1. Wood building. Occupied as residence. Owned by Elzear Croteau. Occupied by same. Value of building $5,000. Damage to building $18. Insurance on building $4,000. Insurance paid on building $18. Cause of fire, struck by lightning. Remarks, no alarm for this fire.

Date of fire Aug. 10. Wood building. Occupied as residence. Owned by Ed Gibbons. Occupied by same. Value of building $12,000. Damage to building $35.00. Insurance on building $10,000. Insurance paid on building $35. Cause of fire, overheated chimney. Remarks, no alarm for this fire.

Date of fire Aug. 18. Wood building. Occupied as residence. Owned by A. B. Forbush. Occupied by various parties. Value of building $2,000. Damage to building $150. Insurance on building $1,600. Insurance paid on building $150. Cause of fire, struck by lightning. Remarks, no alarm for this fire.

Date of fire Aug. 18. Wood building. Occupied as residence. Owned by August Dutil. Occupied by same. Value of building $1,800. Damage to building $85. Insurance on building $1,500. Insurance paid on building $85. Cause of fire, struck by lightning. Remarks, no alarm for this fire.

Date of fire Aug. 18. Frame building. Occupied as barn. Owned by L. Bisson. Occupied by same. Value of building $2,000. Damage to building $1,610. Insurance on building $2,000. Insurance paid on building $1,610. Value of contents $1,000. Damage to contents $1,000. Insurance on contents $1,000. Insurance paid on contents $1,000. Total loss. Cause of fire, struck by lightning. Remarks, Could not get to this fire.

Date of fire Aug. 21. Wood and brick building. Occupied as jewelry and tenement. Owned by D. Coffey. Occupied by same. Value of building $16,000. Damage to building $25. Insurance on building $10,000. Insurance paid on building $25. Cause of fire, cigarette thrown on awning. Remarks, no alarm for this fire.

Date of fire Sept. 28. Wood building. Occupied as residence. Owned by W. J. Rines. Occupied by same. Value of building $5,000. Damage to building $39.50. Insurance on building $4,000. Insurance paid on building $39.50. Partial loss. Cause of fire unknown. Remarks, no alarm for this fire.

Date of fire Oct. 4. Wood building. Occupied as residence. Owned by E. Levine. Occupied by same. Value of building $5,000. Damage to building $20. Insurance on building $4,000. Insurance paid on building $20. Partial loss. Cause of fire unknown. Remarks, no alarm for this fire.

Date of fire Oct. 17. Wood building. Occupied as candy store. Owned by A. Wheeler. Occupied by William Pickford. Value of building $400. Damage to building $49. Insurance on building $300. Insurance paid on building $49. Value of contents $1,600. Damage to contents $225. Insurance on contents $1,500. Insurance paid on contents $225. Partial loss. Cause of fire, defective wiring. Remarks, bell call.

Date of fire Oct. 18. Brick building. Occupied as hotel and clothing store. Owned by G. A. St. Germaine. Occupied by same and others. Value of contents $3,500. Damage to contents $25. Insurance on contents $2,500. Insurance paid on contents $25. Partial loss. Cause of fire, man smoking in bed. Remarks, no alarm for this fire.

Date of fire Oct. 19. Brick building. Occupied as stores and offices. Owned by P. E. Beaudoin. Occupied by same and others. Value of contents $6,000. Damage to contents $47.50. Insurance on contents $5,500. Insurance paid on contents $47.50. Partial loss. Cause of fire unknown. Remarks, this loss was paid to A. E. McDonald.

Date of fire Nov. 14. Wood building. Occupied as residence. Owned by Angus Houley. Occupied by same. Value of building $2,500. Damage to building $66.25. Insurance on building $1,200. Insurance paid on building $66.25. Cause of fire, heating tar on stove.

Date of fire Nov. 21. Brick building. Occupied as stores. Owned by Peter McCrystal. Occupied by various parties. Value of building $20,000. Damage to building $77. Insurance on building $10,000. Insurance paid on building $77. Value of contents $2,000. Damage to contents $15. Insurance on contents $1,015. Insurance paid on contents $15. Partial loss. Cause of fire, overheated steam pipe. Remarks, no alarm for this fire.

Date of fire Nov. 23. Wood building. Occupied as residence. Owned by Joe Sylvina. Occupied by same. Value of building $3,500. Damage to building $20. Insurance on building $2,500. Insurance paid on building $20. Cause of fire unknown. Remarks, bell call.

Date of fire Nov. 27. Wood building. Occupied as tenement and store. Owned by Jos. Lamoine. Occupied by same. Value of building $2,500. Damage to building $55.50. Insurance on building $1,900. Insurance paid on building $55.50. Value of contents $600. Damage to contents $95. Insurance on contents $500. Insurance paid on contents $95. Partial loss. Cause of fire unknown. Remarks, bell call.

Date of fire Dec. 2. Wood building. Occupied as tenement. Owned by Harriet Nurse. Occupied by various parties. Value of building $4,000. Damage to building $27. Insurance on building $2,500. Insurance paid on building $27. Partial loss. Cause of fire, defective chimney.

Date of fire Dec. 6. Wood building. Occupied as tenement. Owned by Louis Corey. Occupied by various parties. Value of building $15,000. Damage to building $50. Insurance on building $10,000. Insurance paid on building $50. Partial loss. Cause of fire, dirty chimney.

Date of fire Dec. 12. Wood building. Occupied as tenement. Owned by Joseph Dupuis. Occupied by various parties. Value of building $4,000. Damage to building $25. Insurance on building $3,000. Insurance paid on building $25. Partial loss. Cause of fire, dirty chimney.

Date of fire Dec. 13. Wood building. Occupied as residence. Owned by Lena E. Marks. Occupied by same. Value of build-

ing $5,000. Damage to building $25. Insurance on building $4,-500. Insurance paid on building $25. Partial loss. Cause of fire, dirty chimney.

Date of fire Dec. 14. Wood building. Occupied as grocery store. Owned by M. Addleson. Occupied by same. Value of building $600. Damage to building $385. Insurance on building $400. Insurance paid on building $385. Value of contents $1,000. Damage to contents $520. Insurance on contents $700. Insurance paid on contents $520. Partial loss. Cause of fire, defective chimney.

Date of fire Dec. 20. Brick building. Occupied as stores and offices. Owned by George Duval. Occupied by same and others. Value of building $25,000. Damage to building $10. Insurance on building $20,000. Insurance paid on building $10. Remarks, contents owned by Holbrook Grocery Co.

Date of fire Dec. 23. Wood building. Occupied as residence. Owned by Louis Couture. Occupied by same. Value of building $1,000. Damage to building $960. Insurance on building $1,000. Insurance paid on building $960. Value of contents $600. Damage to contents $367. Insurance on contents $400. Insurance paid on contents $367. Total loss. Cause of fire unknown.

Date of fire Dec. 25. Wood building. Occupied as residence. Owned by William Thomas. Occupied by same. Value of building $4,000. Damage to building $71.26. Insurance on building $2,500. Insurance paid $71.26. Value of contents $1,500. Damage to contents $25. Insurance on contents $1,000. Insurance paid on contents $25.

Date of fire Dec. 29. Wood building. Occupied as grocery store and tenement. Owned by Mrs. J. N. King. Occupied by various parties. Value of building $7,000. Insurance on building $5,000. Value of contents $3,000. Damage to contents $35.75. Insurance on contents $2,500. Insurance paid on contents $35.75. Partial loss. Cause of fire unknown. Remarks, no alarm.

Date of fire Dec. 30. Brick building. Occupied as school. Owned by City of Berlin. Occupied by same. Value of building $60,000. Damage to building $200. Insurance on building $43,000. Insurance paid $200.

Date of fire Dec. 30. Wood building. Occupied as residence. Owned by John Morgan. Occupied by same. Value of building $3,000. Damage to building $230. Insurance on building $2,000. Insurance paid on building $230. Cause of fire, defective chimney.

1 lantern	2.80
1 table	4.00
12 chairs	10.80
1 stove	5.00
	$26,340.73

In closing this report, I wish to express the appreciation of the department in general, and also my own, for the cooperation shown by the Mayor, City Council, Fire Committee and many others in the conscientious administration of the department under my supervision. Berlin shows up well in comparison today with other cities of equal size, a fact of which its citizens should be proud.

Respectfully submitted,

A. H. SLOANE,

Chief Engineer.

Assessors' Report

Berlin, N. H., January 31st, 1923.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—We submit herewith our report for the year ending January 31st, 1923, for the twenty-sixth annual report of the City of Berlin.

The inventory of all taxable property shows an increase of $3,041,375.00.

The following is our valuation for the year 1922:

Land and buildings	$ 8,689,643.00
Horses	54,800.00
Cows	13,600.00
Sheep	166.00
Hogs	60.00
Vehicles	9,775.00
Stock in National banks in the State	47,430.00
Money on hand, at interest, or on deposit	14,415.00
Stock in trade	3,491,057.00
Mills and machinery	7,463,020.00
Total	$19,783,866.00

We believe that the time has arrived for the City to make a sufficient appropriation to complete our card index system to bring the department to a higher state of efficiency.

We further recommend that one member of the board be paid a sufficient salary to enable him to devote his entire time to the work of this department.

We wish to express our appreciation for the courtesy and assistance given us during the year by His Honor, the Mayor and other members of the City Government.

Respectfully submitted,

ALFRED LAUZIERE,
W. A. HODGDON,
WALDO BABSON,
Assessors.

High School Semesters

First semester September 6 to January 26.
Second semester January 30 to June 22.

Report of Board of Education

Berlin, N. H., January 31, 1923.

To His Honor, the Mayor, and City Council of the City of Berlin:

We beg to submit to you the thirty-eighth annual report of the Department of Education.

We feel that the school system shows a noticeable improvement each year and that the past year is one of unusual growth, as the reports of the different department heads show. The work that has been accomplished is most satisfactory to the Board of Education and the reports following are especially commended to your notice.

We feel that all of the school buildings are in excellent repair. The Cole School which has been in constant use for over 30 years is in as good a condition as it is possible to make it.

The schools are not crowded. All of the grade buildings with the exception of the Marston have one vacant room, thereby making it possible in each school to hold group meetings for music, physical culture or parent meetings, carrying out such programs as may be of special interest to the community. The Marston School is so situated that the use of the assembly hall, in the Junior High, is available for any group meeting or exhibition of school work.

This ideal condition can continue, only, if some definite arrangement is made to take care of the fifty-eight children living at the Cascade. This problem confronts the Board at the present time and must be solved at an early date.

The opportunity and adjustment classes held at the Burgess School show marked results and the Board of Education feel that these classes for non-English speaking and backward children are of inestimable value to the educational system of this city.

The grounds surrounding the school buildings are being graded as fast as the money is available. The Marston School grounds were practically finished last fall. This year we hope to see the grounds at both the Cole and Burgess definitely improved. It is

an expensive proposition to make the grounds at the Burgess School suitable for park or playground purposes. Therefore for this work the Board begs a special appropriation from the city.

During the December vacation alterations were made in the old High School and the building is now a fully equipped Junior High School with an enrollment of 275 pupils.

The Board feels that the construction and equipment of the new High School marks an epoch in the school system of the City of Berlin. The city has every right to feel proud of this building for it far excells any other High School in the State. Plans for this building were started in the spring of 1921 when cost of construction was at an unusually low rate, the contracts were signed and the work begun the following August. The building was completed save for a few minor details the first of January 1923. A formal dedication of the building will be held in February. The cost of the building and equipment will be found in the city reports.

For the past few years the pupils and teachers in the High School have worked under many disadvantages owing to the crowded condition of the school. Now, with the ideal class-rooms, laboratories, shops and gymnasium, an incentive to do the highest type of work should be felt by all. There are five hundred pupils in the High school at the present date and there is adequate room and equipment. Therefore the Board expects a marked improvement in both work and scholarship.

The Board would earnestly recommend that parents and citizens visit the schools often, become familiar with the work carried on and keep in touch with improvements and advancements made in schools and class-rooms.

The past year has been one of great responsibility to the Board of Education; there have been many extra calls and duties that have taxed both time and patience. In every way the members of the Board have worked together in harmony for the good of the educational administration of the schools of the city and are greatly appreciative of the help and ocoperation received from His Honor, the Mayor, members of the City Council, the Superintendent and the teachers of the school department.

For the proper maintenance, with an opportunity for the normal and natural growth of the school system, the Board of Education recommends to the City Council that an amount sufficient for this purpose be appropriated by them for the coming year, to be used for the Public Schools of Berlin.

Following is the financial statement for the fiscal year ending January 31, 1923:

Revenue

	1921-1922	1922-1923
City Appropriation	$144,000.00	$175,000.00

A. E. A. MACDONALD,
Board of Education.

Report of Superintendent

To Board of Education:

I submit herewith my second Annual Report as Supt. of Berlin City Schools.

The past year has witnessed many important changes in the schools. The occupation of the new High School Building, the organization of the 7th and 8th grades into a Junior High School, in a building of their own, the establishing of the department of Research, the beginning of special Opportunity and Adjustment classes, the organization of penmanship and physical training in the grades under specially trained supervision are of immense importance and promise.

The New High School

The New High School with its gymnasium, shops, lunch room, library, music room, auditorium, medical room and laboratories gives Berlin unsurpassed facilities for meeting the intellectual and social needs of its youth.

We believe that the product of this new school will fully justify all of its cost.

Junior High School

The Junior High School established now for the first time as a separate entity makes it possible to deal with the adolescent child in an effective organization and environment. Children of this age can not be dealt with under the same organization as either the High School or the grades.

Research Department

Whenever accurate measuring implements have been discovered and applied in any field of endeavor there has been produced, in a short time a big increase of useful results to society and the name of science has been bestowed on that particular line of work. Astrology became Astronomy, Alchemy became Chemistry and electricity as it is having its measure taken is transforming the world. This measuring and classifying, sometimes called the

Scientific Method, has during the last decade, reached the field of Education, is slowly producing its results and making Education a science.

It was in line with this new trend in education and in the belief that educational administration and policies should be founded on established facts rather than academic discussion that the Dept. of Research was started. The department cannot be judged upon the results of the first few months because it is the accumulation of data that makes its work valuable. It has, however, justified its existence by an amazing amount of work along three lines.

First—

By group and individual tests we have a fairly accurate knowledge of the mental capacity of the children and considerable information as to their peculiarities and aptitudes. As this phase of the work develops we will be in a position to classify the pupils more accurately and to advise them more wisely in the selection of their work.

Second—

The standardized subject matter tests which were given last year have been repeated under carefully determined conditions so that we know with accuracy where our technical training has been good or bad and are in a position to study and improve our weaknesses.

In another year our report can be made of immense value to the Board of Education and to the citizens of the community by the publication of these results.

Third—

The Research Department has been particularly useful in analyzing the specific difficulties of individual children and in recommending the treatment to follow. A large number of children have been placed in higher grades upon the recommendation of the department and in no single case has a child failed to make good. In recommending these promotions or in any other recommendations for the treatment of a specific case, the department depends not only upon the results of tests but also upon the teacher's judgment, the past school record, the physical condition of the child and any other factors that can be discovered which have a bearing on the case.

Opportunity and Adjustment Classes

The Opportunity and Adjustment classes are taking care of a group of children who can not fit into any normal grade. Defects of past training, illness, and other causes frequently make it impossible to give effective training in any ordinary class.

The foregoing report deals largely with plans and policies. I invite your careful study of the following report of specific accomplishments.

Some Specific Accomplishments

Spelling

A year ago our tests in Spelling showed that every grade was considerably lower than the standard for the country at large. After a careful study of the methods in use, we decided upon three points of attack. First, use of a list of scientifically selected words. Second, a provision in our teaching for more careful review. Third, greater attention to phonic training in first three years.

Tests given this fall, showed that while the lower grades were weak in spelling ability, the improvement in each grade was marked and at the end of formal spelling instruction, in the 8th grade, our children spell above the average of 8th grades of the country.

Reading

Tests in Reading indicated not only a slowness in rate but also inaccuracy in comprehension. In oral reading the ability to give proper enunciation was quite evident. This latter difficulty is being given careful attention and we believe that the introduction of more phonic training will gradually remedy it.

The attention heretofore in Reading had stressed the oral type. In actual life, almost all our reading is silent and an over emphasis in oral reading after the mechanics have been mastered has a tendency to slow up silent reading. From the third grade, we are giving each year a greater proportion of reading time to silent reading.

In each grade has been placed a number of books varied in both subject matter and difficulty so as to have material suited to the tastes and abilities of the children in the grade.

Silent Reading tests and drills have become a regular part of the reading program.

Arithmetic

The Courtis Standard tests in Arithmetic indicated a need for more careful drill in the fundamentals. To assist in this drill, the Studebaker practice tests are now in use throughout the grades. In making the fundamental operations automatic, the children in the upper grades have their minds free for the reasoning involved and we should have an improvement in all types of arithmetic problems.

The drill in fundamental operations was probably retarded because concrete problems were not put into abstract form early enough. By going from concrete to abstract as soon as the child has the principle involved clearly in mind we can begin the drill for automatic response much earlier with more rapid results

Penmanship

I have already mentioned the fact that the work in penmanship has been put under a regular supervisor. For this reason the children will have before them year after year, the same type of handwriting instead of having a new form introduced each year, depending upon the teacher's training. This should give us an immediate improvement in handwriting all along the line.

Research Work

Probably the greatest accomplishment in its ultimate effect, has been the gradual re-classification which has been going on. Almost 50 children have been moved forward one grade and up to the present time not a single child so moved has failed to make good. A group of 21 children promoted in September from the 6th to 7th grade are at the present time doing work better than the average of the 7th grade. The advantages of these promotions are four:

First—It prevents the formation of habits of inattention and slip-shod performance and develops habits of industry and perserverance.

Second—It puts out a better trained child into productive activities a year earlier.

Third—It tends to make each grade a more homogeneous group and thereby gives the teacher an opportunity to do more effective work.

Fourth—It saves the district the cost of one year schooling for these children.

Not only have a number of children been promoted but some 45 children who because of some defect in training or otherwise could not fit into any regular grade, have been placed in the special opportunity and adjustment rooms where the defects are made a special study and remedied in so far as they can be remedied.

This work is being done by teachers who have had special training and experience in the work and so far has been very satisfactory. We should plan eventually to establish four rooms. The present groups are of children from 10 to 17 years of age. If we had two more rooms to handle younger children we could do much more effective work, furthermore it is desirable to have this work done in a building by itself. It is possible that we may be able eventually to use the Cole School for this purpose. The following table gives the results of the standard tests given the past year.

Results of Standard Tests—1921-1922

Standards—

Spelling—Ayres Scale.

Arithmetic—Courtis Standard.

Reasoning—Salt Lake City Survey.

Silent Reading—Monroe.

Language—Trabue.

These results are subject to some inaccuracies because they were given and corrected by teachers themselves and a very slight variation in giving or correcting changes the results considerably. The tests which have been given since September have all been given and corrected by a specialist in the work and should be much more accurate.

You will notice the tests given at the first of the year are in almost all cases considerably below the standard. However, the tests given towards the close of the year show a number of scores up to standard and show a big improvement in almost every case. We feel that the results show we are on the right track and that it is only a matter of time until the work done is as good or better than the work of the country at large.

We wish to call your attention to the fact that the language difficulty due to a high proportion of non-English speaking children makes this accomplishment doubly hard and only superior teaching can secure the results.

I wish to express my appreciation of the conscientious and open minded attitude of the teachers and their unflagging interest. Only their cooperation and industry has brought about the above results and the City is to be congratulated upon the fine group of teachers which they have secured. No amount of administrative or financial support can secure results without the teachers and Berlin has made no mistake in securing and retaining the best teaching ability available.

In conclusion I wish to thank the members of the Board of Education for their continued interest, their open minded consideration of any suggestions for the good of our schools, and for their liberal gifts of time and thought to the cause of education.

I want to invite your careful attention to the reports which follow.

Report of Headmaster

SENIOR HIGH SCHOOL

Berlin, N. H., February 1, 1923.

To Superintendent Carl M. Bair.

I, herewith, submit my tenth annual report as headmaster of the Berlin Senior High School.

The total registration for the school year ending June 1922 was 576 pupils, 281 boys and 295 girls. Table I gives the registration in full. The total enrollment of the Senior High School to date for the school year 1922-1923 is 522 pupils, 246 boys and 276 girls, indicated in full in Table II. Eleven pupils who left school last year due to sickness and other causes have returned.

The registration of the class of 1926 for the school year 1922-1923 is as follows: From the public schools 116, left school year 1921-1922 and returned 7, repeating the year 4, from the St. Patrick School 37 and from outside schools 38, a total of 202 pupils, 96 boys and 106 girls.

Fifty-eight pupils graduated in June 1922. Table IV gives a full report of the activities of the members of this class since graduation. It will be seen from this table that 43 per cent entered colleges and training schools as compared with 30 per cent for 1921, 26 per cent for 1920, and 36 per cent for 1919. There are 81 pupils in the senior class that will graduate in June 1923.

Commercial Work

The work of the commercial department under the direction of Mr. Roberts is highly commendable, as is indicated by the type of work carried on by the classes in economics, office practice, shorthand, typewriting and the school bank. The aim of this department is to make the work practical and to bring the students into direct touch with the business world, and this is brought about by having the business men of the city come into the school and give talks to the commercial classes. The follow-

ing program and report of the school bank as carried on during the past year will give an idea as to the type of work that is now being done in this department. During the past year the following lectures were given to the members of the Senior Commercial class. Mr. R. H. Kitchen, Manager, Underwood Typewriter Co., Portland, Maine, Mr. R. McMasters, Manager, Gregg Publishing Co., Boston, Mass., Mr. James W. Brehaut. Principal, Bryant & Stratton Business College, Manchester, N. H., Rev. A. H. Appelman, Concord, N. H., Mr. Geo. A. Dickey, Member Board of Education, Manchester, N. H., Mr. Joseph Wigon, Manager, Dalton Adding Machine Co., Portland, Maine., Mr. F. C. Hannah, Cashier, City National Bank, Berlin, N. H., Mr. M. H. Taylor, Cashier, Berlin National Bank, Berlin, N. H., Mr. C. B. Barton, Mr. Elmer A. Bean, Judge Geo. F. Rich, Mr. G. J. Croteau, Manager Metropolitan Insurance Co., Mr. John Goss, City, Mr. Thos. A. Barril, Gen. Agt. Mutual Life Insurance Co. of New York, Rochester, N. H.

The Berlin School Bank was organized in September 1910 by former Superintendent George H. Whitcher, for the purpose of inculcating thrift on the part of public school pupils. It was started in a small way with a few depositors and the "bank" itself consisted of simply a desk placed in one corner of the office of the present Junior High School. The cash receipts of the Berlin School Bank for the first month after its organization—September 1910—were $59.43, while in January 1922 the cash receipts were $1,614.43. In September 1918 when Mr. Roberts assumed the management of the bank there were less than six hundred depositors and on January 8, 1923, there were fourteen hundred depositors, with individual depositor's balances ranging from a few cents to more than four hundred dollars.

The total receipts of the Berlin School Bank for the school year from September 6, 1921, to June 16, 1922, were $12,013.65 and the total payments for the same time were $9,984.09.

The records show that the total receipts of the bank re-deposited in the Berlin National Bank, from September 1910 to January 15, 1923, were $43,170.95.

The Berlin School Bank pays interest to its depositors at 4 per cent per annum compounded semi-annually on the first of July and the first of January. During the World War the bank sold War Savings Stamps and Thrift Stamps to the amount of nearly six thousand dollars and Liberty Bonds amounting to $2,950.

The accounts of the bank are kept by members of the Senior Commercial class under the supervision of the Head of the Commercial Department. Each Senior Commercial pupil must serve in the bank one week as "clerk" and two weeks as "assistant cashier," keeping all the accounts, handling the cash and performing all the clerical duties in a manner that is satisfactory to the head of the department and receiving a "grade" thereon the same as in mathematics, history and all other studies, with the exception the "passing grade" for bank work is 85 per cent instead of 70 per cent required in other subjects.

The accounts of the bank are kept in the same manner as in use in our best savings bank and the pupils, while on duty in the bank, become familiar with the use of the check writer, adding machine, calculating machine and other modern office appliances.

The various classes of the High School, the Junior Red Cross, the Athletic Association, etc., carry their accounts with the Berlin School Bank and are among our largest depositors. On December 31, 1922 the Athletic Association had a balance of $344.77, the Cafeteria a balance of $446.40 and the Class of 1923 a balance of $205.40. The High School Cafeteria accounts are also kept by the pupils in the bank and all bills for the same are paid monthly through the bank. The depositors' accounts and other activities of the High School furnish intensely practical bookkeeping work for the pupils in the bank and constitute the most important feature of the commercial work, since the cash handled is all actual money and the accounts are actual accounts—not hypothetical or theoretical.

The assistant cashier is required to make a "daily cash proof" and is responsible to the bank for any shortage or error in the cash. The checks of the Berlin School Bank are accepted by the Clearing Houses in Boston, New York, Chicago, Philadelphia and other principal cities in the country. We are informed on reliable authority that there is but one other "school bank" in the United States that has this distinction.

In view of the fact that the checks of the Berlin School Bank are accepted by the Clearing Houses in the principal cities, and as Mr. Roberts, the cashier, is under bonds to the City of Berlin for the funds of the bank, it is considered advisable to have the books and accounts of the Berlin School Bank examined annually by the State Bank Examiner.

At the annual meeting held on January 16, 1923, by the Senior Commercial pupils, the following officers of the Berlin School Bank were elected: President, C. M. Bair, Supt. of Schools, 1st Vice President, D. W. MacLean, Headmaster Berlin Senior High School, 2nd Vice President, M. H. Taylor, Cashier of the Berlin National Bank, Treasurer, N. H. Roberts, Board of Directors: C. M. Bair, D. W. MacLean, M. H. Taylor, Wm. A. Green, Mary E. Palmer.

The Berlin School Bank in the new Senior High School is as finely equipped as any school bank in the United States and has better equipment than many National Banks in the United States. The furniture, bank grill, counter, files and equipment cost about three thousand dollars and is strictly first class in every respect.

We urge parents to encourage their children to have a savings account in the Berlin School Bank and to make regular weekly deposits even though the deposit is but a few cents. Thus the child will early in life form the habit of saving the pennies and have a "bank account." We also cordially invite parents and the public to inspect the bank and see the work of the pupils in this department. The financial statement of the Berlin School Bank will be found in the Superintendent's report.

Science

The work of the science department under the direction of Mr. Thompson for the past year has been commendable in spite of the many handicaps that were encountered in the old building due to the crowded condition. During the spring term a public exhibition was conducted by the pupils of this department during the evening in the science rooms and the public was invited to inspect the experimental work that was being conducted by the pupils and also to examine a collection of material that was received from different manufacturing companies to show the corelation between the work of the Science department and the industries of New England.

It also has been the purpose of this department to make the work as practical as possible by having engineers and experts give practical talks to the pupils. The following program was conducted and carried out by the Polytechnical Club, that is composed of pupils from the science department. Mr. Van Arsdel, Weather Bureau, Mr. John Graff, Photography, Mr. Hugh K. Moore, Research Laboratory, Mr. Chase, Paper Making.

Another project worked out by this club was that of a weather bureau in which all the pupils in turn served as members. Daily

observations of atmospheric velocity, and precipitation are recorded. From these results a forecast is made, a bulletin issued and weather flags displayed.

In our new building we have provided for a Radio Station that is equipped with a receiving and a broadcasting set using five 50 watt power tubes. This work will be under the supervision of Mr. Rose who will also hold classes in Radio and Applied Electricity.

Mechanic Arts

The machine and mill rooms of the Mechanic Arts Department are fully equipped with modern up to date machines. The machines are individually motor driven, thus affording the least possible chance for accident.

The machine shop is equipped with a number two Cincinnati Universal Milling Machine, one number one and one-half Cincinnati Universal Cutter and Tool Grinder, one Flather 14″ x 8′ Engine Lathe, one Blount 8″ Buffing Machine, two Dalton Bench Lathes, one Hardinge Bench Lathe, one American three and one-half Radial Drill, one American 16″ Back-Geared Crank Shaper, one American 14″ x 8′ Engine Lathe, one Rahn-Larmon 16″ x 32″ x 6′ Extension Bed Gap Lathe, one W. F. & John Barnes 20″ Upright Drill, one Washburn 14″ High Speed Sensitive Drill, one Blount Combination Wet and Dry Grinder, one Peerless Universal Shaping Saw, one number three Greenard Arbor Press, one Canton number one Portable Floor Crane, one Beloit Combined Hand Punch and Shear, one Worcester Drill Grinder, one Hoskins Mfg. Co.'s Electric Furnace and one Curtis Pneumatic Portable Air Compressor.

The mill room is equipped with the following machines obtained from J. A. Fay & Egan. One Swing Saw, one 16″ Hand Jointer, one 30″ Single Surfacer, one Universal Saw, one Band Saw, one Hollow Chisel Mortiser, one Disc and Drum Sander, one Electric Bench Emery Grinder, and six Manual Training Lathes.

The tool rooms in both the Machine Shop and the Wood Shop are fully equipped with tools so that practically any type of project can be constructed by the boys in this department. A boy who now passes through the regular work of the Mechanic Arts Department and who takes advantage of the opportunities that will be given him with this equipment will be well grounded in the fundamentals of mechanical and electrical work.

Lunch Room

The lunch room is a large spacious room that will accommodate approximately 150 students. This room is fitted with tables and chairs, thus affording to each student an adequate place to eat. The work of this department is under the supervision of Miss Drusilla Bishop, one of the Domestic Arts teachers. The lunch period is divided into three periods of twenty minutes each which gives ample time for each student to purchase his food and devote the necessary time to its consummation. Care is taken in the selection of all the food used and the students obtain the same at approximately wholesale prices. A bulletin has been issued advising them as to the amount and kind of food required for the proper kind of nourishment and also to call their attention to the laws concerning over eating and the proper mastication of food.

The milk is put up in individual half pint size bottles, sealed with the pour and pull sealright caps. In this way the pupils drink the milk through soda straws which encourages them to drink slowly. Physicians in the city have approved our menus while the Health Officer has tested our milk and food. It is possible for each student to obtain a good wholesome nourishing lunch that will cost anwwhere from 15 to 20 cents. The following menu now in use will give an idea as to the prices and kind of food used in our lunch room.

Lunch Menu

N. B. You require 800 balanced calories* for lunch. Purchase the items which give you this quantity.

	Calories	Cost
Sandwiches		
Ham	160	.03
Peanut Butter	190	.02
Jam	180	.03
Egg	190	.03
Date and Nut	200	.03

Jelly Doughnuts	90	.03
Raspberry Tarts	90	.03
Ice Cream	200	.05
Chocolate		
One bar Sweet Chocolate	200	.05

Music

The classes in music are now well established and the work is carried on successfully in a large room provided for that purpose in the new building. These classes are under the direction of Mr. Goldthwaite, Supervisor of Music, and have a place in the regular program of the school and the pupils are to receive credit as they would in any other subject. Last year the class in Harmony wrote the music for the school songs and the school orchestra furnished the music for the graduation exercises.

School Paper

The school paper, "The Meteor," published four times a year by the students, has met with marked success for the past year. It takes a great deal of time to organize and collect material for a school paper, however, it is well worth while because the students obtain not only help in their English work but gain rich experience in the management and organization that is neces-

sary to make the paper a success. The school paper is carried into the homes of the majority of the pupils in high school and will accomplish much more than any other report that could be sent out by the school officials.

Athletics

The work in Physical Training for the past year was carried on by both boys and girls at the gymnasium at the Y. M. C. A. The work was elective and under the direction of one instructor and was divided so that approximately each student received two and one-half hours per week.

The boys' basket ball team played 23 games, winning 16 and losing 7. It is worth mention that they represented Coos County at the State Tournament. The girls' basket ball team won 9 games and lost none. The baseball team played 8 games, won 6 and lost 2. A beginning was made at track, the Seniors winning the inter-class meet and a dual meet was won from Gould Academy 58 to 28. The balance in the Athletic Association treasury at the beginning of the school year 1921 showed $609.33 at the close of 1922 $338.54 showing net loss of $270.79.

From September to January, 1923, no regular gym classes have been held as during the last school year it was thought better to do away with the expense and inconvenience of using the Y. M. C. A. and be ready to start the program in full swing as soon as the new building was ready. About 30 boys played football every day from 2:30 to 5:00. About one-half of these played in games each Saturday to Nov. 12th. More boys would have played except for lack of equipment. This made fifteen hours week for these boys and not any for the rest of the school.

Football, 1922

Gorham 0	Berlin 32
Norway 0	Berlin 28
Littleton 7	Berlin 27
Rumford 25	Berlin 0
Lisbon 6	Berlin 27
Claremont 7	Berlin 0
Lewiston 26	Berlin 0
Gorham Town Team 13	Berlin 12

Received $483.05. Expended $564.49. Lost $81.44.

In our Interscholastic games it is the aim of the Athletic Association to create the spirit of good fellowship with the different schools that we come in touch with. This is shown by the following letter.

Office of Headmaster
STEVENS HIGH SCHOOL
Claremont, N. H.

November 4, 1922.

Headmaster, Berlin High School,
Berlin, N. H.

Dear Sir:

In regard to the recent football contest, October 21st, between Berlin High and Stevens High, we feel that a letter of commendation is due the Berlin boys for their conduct during their stay in Claremont. Altho the trip was poorly planned as regards time, the boys certainly tried to offset their tardiness in arrival by giving the best they could.

Their conduct on the field was that of a clean-playing, hard-working, gentlemanly football team—a combination seldom seen in High Schools. Their attitude in giving our quarterback, Miles, a cheer as he was carried from the field certainly showed them to be a team of gentlemen as well as players. Their conduct on the streets of the town was in keeping with that on the field, and they certainly left the feeling in Claremont that Berlin is a school worth having on our athletic schedule.

Yours respectfully,
LEON W. BURNS,
Chairman,
Stevens High School Athletic Council.

Forty boys are playing basket-ball two hours three times per week. The boys' basket ball team has won five games and lost none to date.

During this time an Athletic Board was organized consisting of the Headmaster, Physical Director and captain and manager of each team. The manager for succeeding year to be elected by this board from two assistant managers of the Junior class. These two assistants are elected from three assistants of the Sophomore class. Managers and assistants handle the money, schedules, visiting teams, etc., under supervision of the Physical director. Reports are made and accounts filed at the end of the season for each sport. The Athletic Association will be reestablished and a membership drive put on as soon as a place is ready to do the work.

The new program will include a complete examination of each pupil, both physical and medical. Every freshman will be re-

quired to take physical training one period, three times a week. There will be 96 boys and 106 girls in these classes. Credit will be given for this as in any other courses. A class in tumbling and apparatus work will be organized from the Junior and Senior classes. Various minor groups will be instructed in corrective work and for particular purposes during school hours.

The regular class work will consist of simple tactics, calisthenics, wands, dumb-bells, clubs, dancing, games, mat work and simple apparatus work including points in hygiene.

A class in football will be organized to meet once a week especially for Sophomores and Juniors. We hope to start a course in hygiene, that every pupil will be required to take sometime in the future, perhaps next year.

Athletics which come under this department will include football, basket ball, baseball, track (indoor and outdoor), hockey and tennis, interscholastic wrestling, boxing, swimming and gymnastic teams will be added and fostered by interclass tournaments. The ideal is every boy taking part in at least one sport.

The physical training department will give a May Festival the evening of the first Monday in May each year, showing to some extent the work that has been accomplished.

The gymnasium equipment is the very best and with time the results should be unlimited. The gymnasium will be in use every minute of the day.

Social Activities

Now that we have our auditorium which will afford opportunity to all the pupils to gather in groups, it will be possible for the social organizations of the school such as the Latin and French Clubs, to develop programs that will stimulate the work that should be expected in these departments. The programs for the Junior Recital, Graduation and Debating Club will be found in the appendix of this report.

For the past two years, due to the crowded condition that has existed in the old building, it has been practically impossible to expect the highest type of work that should be expected from the different departments. Now that we are moved into our new building, which affords in every way, shape and manner an adequate space and improved apparatus, there is no reason why the work should not reach the standard that now is being accomplished by the best of schools.

D. W. MacLEAN,
Headmaster.

Report from Junior High School

To Supt. C. M. Bair.

The opening of the schools for the fall term came before the new high school building was in a condition for occupancy and so it was impossible to operate the Junior High School as a complete unit. The eighth grade was cared for in the old High School building at different hours of the day and operated on the one-session plan of the High School, while the seventh grade was housed in the Marston School and operated on a two session

basis. This division made it impossible to create a real Junior High spirit as it was impossible to arrange for assemblies or any social gatherings that would take in both classes.

The work of the school suffered somewhat from the same cause as various teachers were employed with High School as well as Junior High classes and work in some divisions was not in accord with that of other divisions in the same subject. Text books in sufficient quantity to supply each pupil were not available at the early part of the school year and this also tended to lessen the efficiency of the teacher's efforts.

The New Hampshire State Course of Study has been followed, however, as closely as possible, and through the splendid efforts of the teaching staff, a very creditable showing has been made. It is perfectly safe to state that no pupil has suffered any loss because of the handicaps the Junior High was under, although instruction was necessarily more difficult and the teachers were forced to expend considerably more energy and hard work in accomplishing their tasks than would ordinarily have been the case.

Since the Christmas vacation all of this has been changed; all classes work on the same time schedule on the two session plan and specified teachers are responsible for the work of the Junior High School, in the various departments. I take this opportunity of expressing my appreciation of the work of the teachers in every department since the beginning of the fall term and judging by the increased enthusiasm being shown by the staff since the transfer to the old High School building, I predict a Junior High School record for the school year that will be to the credit of the city of Berlin.

Rapid growth may be anticipated for the Junior High School. The present eighth grade is small and the High School will probably get but few more than one hundred pupils from the Junior High School, in September, 1923. On the other hand, the Junior High School can feel reasonably sure of getting most of the two hundred and thirteen pupils now in the sixth grades. This would mean that while our total registration this year is but 272, next year we will have about 370 pupils.

Respectfully submitted by

WALTER E. HAMMOND.

Music

January 4, 1923.

To Supt. C. M. Bair,

I herewith submit my second annual report.

In the grade schools the aim in teaching during the past year has been to secure good tone quality in singing,—freedom, without strain,—and to obtain good results in sight singing. The tone quality of the singing voices of the children has been very much improved, and in the singing of music at first sight, marked progress has been made under the direction of Miss Fetterhoff.

During the year the Hollis Dann music books have been introduced and have been received by the grade teachers with enthusiastic approval.

Folk songs and folk dancing have been taught in all the grades. These two, especially folk dancing, are most valuable aids in developing the child's sense of rhythm.

In the Brown and Bartlett schools Christmas programs were prepared and given just before the Christmas vacation.

There was an attendance of a hundred or more parents and friends and they seemed to be well pleased with the success of the children. More of these short programs, recognizing other holidays, have been planned for the coming year.

They are an incentive to more earnest work in music on the part of both teachers and pupils.

There are about sixty pupils in the violin classes.

The four violin classes meet once a week after school hours and are making commendable progress in learning to play.

An orchestra of eighteen has been formed in the Junior High School. These players will have orchestra practice twice a week at 4 P. M. and later will be valuable additions to the Senior High School Orchestra. Besides chorus singing, a Girls' Glee Club and a Boys' Glee Club have been formed. It is expected that these organizations will prove to be very popular with the students.

It is planned to have the Girls' Glee Club give a Cantata early in the new year.

The work in the Senior High School has been continued along the lines marked out at the beginning of last year. No new music activities have been attempted on account of the crowded conditions in the old High School building.

Band, Orchestra, Mando Orchestra, Chorus, Glee Clubs, Harmony, Music Appreciation and the instrumental class meet regularly as before. The players in the Band and Orchestra are constantly improving in technical ability and ensemble. The string and brass sections of the orchestra have complete instrumentation and the woodwind section nearly so.

It is confidently expected that the school will have two fine organizations in a short time that will compare favorably with any high school of its size. The orchestra played selections, and accompaniments for the singing at the graduation exercises last June. They appeared at other times during the year in the school assembly hall.

The Band made its first public appearance last spring playing for the Elks in the Albert Theatre and later at the Junior Recital in the high school building.

It is planned for the Band to give a concert and dance and the Orchestra a concert, with a vocalist assisting, sometime in the last semester of this school year.

The Glee Club will produce an Opera, "The Red Ear," early in April.

There is a surprising number of the students who are possessed of very good singing voices, and it is hoped in the coming year to give them an opportunity to study voice culture.

Many of the pupils in the music department are talented beyond the ordinary degree. They are earnest in purpose and eager in desire to gain a knowledge of music. With these impulses they are sure to make gratifying progress in the study of the art.

Very respectfully yours,

GEORGE T. GOLDTHWAITE,

Director of Music.

School Home Gardens

Berlin, N. H., Jan. 13, 1922.

To Superintendent Carl Bair.

I herewith submit to you my report as supervisor of school gardens for the year 1922.

446 gardens were visited during the summer and 325 were carried on successfully. This number although slightly smaller than in previous years represents unusual effort, as the heavy rains of the early summer, which were disastrous to many grown

up farmers, also proved discouraging to us and some of the children planted their gardens over two and three times. Many of the boys and girls showed a wonderful spirit of perseverance and obtained fine results. A card record of each child's work is kept and results tabulated year by year. It is hoped to give some special recognition to children who have a successful garden for several years in succession.

The usual exhibit was held at the Bartlett School, which was visted by all the grades and by an increasing number of parents, which was gratifying to us. Mr. Eli King kindly loaned the use of his window for an exhibit of the prizes vegetables. Three groups of prizes were awarded as follows:

Grade IV to Junior High School.

1st prize, Elbert Davenport.
2nd prize, Helen Story.
3rd prize, Jeanette Lavoie.
4th prize, Tony Dinardo.

Grades I to IV.

1st prize, Catherine James.
2nd prize, Adolph Ortelt.
3rd prize, Robert Knudson.
4th prize, Santi Sgrulloni.

Flower Prize.

1st Annie Tankard.
2nd Clifford Aikens.

Forty-two awards were given at the exhibit. Mr. A. K. Hull judged the vegetables for the awards.

With increased facilities for exhibition work and for meeting the children in larger groups the efficiency of this work can be increased. Meetings, both of an instructive and of a social nature, of all the garden group might be held and interest added to the work.

During this year twelve children raised flowers, which were the only flowers about the house, seven had vegetable gardens, two exceptionally successful ones, when the parents had none. The child who raises flowers or vegetables, among our mountains, is assisting in his own education.

Respectfully submitted,

SHIRLEY W. TEARE,
Garden Supervisor for 1922.

Evening School

To Superintendent Carl M. Bair:

It is with pleasure that I submit to you the annual report of the George E. Burgess Memorial Evening School for the year ending January 31, 1923.

Classes were opened September 18, 1922, in the Brown, Bartlett, Angel Guardian and High School buildings with an enrollment of approximately two hundred. Registrations have increased and the total enrollment to date is three hundred eighty-two divided into the following nationalities:

French	289	Norwegian	24
Russian	25	Italian	21
Hebrew	9	Syrian	2
Swedish	2	Other Nationalities	10

Two courses, Elementary and Advanced, were offered this year.

Elementary Course—English and Citizenship

Class one—Beginners:

Persons who speak no English or very little.

Class Two—Intermediate:

(a) Those who understand but cannot read. They may speak some English well or considerable English poorly.

(b) Pupils promoted from Class One.

Class Three:

(a) Persons who speak much English well and are able to read simple newspaper items.

(b) Pupils promoted from Class Two.

Men, women and **candidates for citizenship** are graded upon equal basis but separated for class work because of different vocabulary needs.

A few ungraded classes are necessary in order to have an effective working program.

A regular monthly test is given in each class and pupils' ratings recorded. When the three years' work is completed, pupils receive certificates of graduation from the Elementary Course and are given promotion cards to enter either the continuation or special class of the Advanced Course.

Advanced Course—Continuation and Special Continuation Class

Business Arithmetic, English, Grammar, Advanced Reading, Practical Typewriting.

There are two groups divided according to knowledge of above named subjects.

The class includes:

(a) Graduates from the Elementary Course.

(b) Newcomers who qualify.

Special Class

(a) Graduates who wish to continue in the practice of reading and writing in the English language.

(b) Newcomers who qualify.

This course has proven its worth in the evening school curriculum.

The women are taking more and more interest every year, their classes being the largest and most regular of any in the city at the present time.

Candidates for Citizenship have been better graded and classified than heretofore, this being made possible by the increasing

enrollment in the citizenship classes. The Federal Government cooperates with the school in furnishing text books, writing lessons, etc., for this type of class only.

Seven afternoon periods of an hour each are given every week to women in homes and men working on the night shift.

In the fall of 1919 a survey showed five hundred men in our industries unable to read English, two hundred and twenty-five of whom could not speak English, including sixty-seven minors. The night school problem at that time was teaching the pupils how to speak and understand English and more than half the number registered belonged to Class One. Today our very smallest group of men belong to this class.

This progress is due not only to the interest the pupils have shown in attendance and attention but in a large measure to the efficiency and cooperation of the teachers. There have been comparatively few changes in the teaching staff the past two years which is a great asset to the success of the work.

Too much cannot be said in praise of the Berlin evening school teachers for we note that the results of their work compare very favorably with similar evidences from the various parts of our country, shown at the National Education Convention held in Boston last summer.

TEACHER	GRADE	BUILDING
Mrs. Hilda Burbank	Class I—Men & Women	Brown
Mrs. Bertha M. Cross	Class III—Men & Women	East Side
Miss Evelyn Eley	Class II—Men	High
Miss Marion Ellingwood	Class I—Women	Bartlett
Mrs. Effie Feindel	Advanced Course B	High
Miss Hannah Howell	Special	High
Miss Pearl Heroux	Class I & II—Men	East Side
Mr. Roger B. Hill	Citizenship A	East Side
Mr. Albert E. Leblanc	Citizenship B	East Side
Miss Theo Morse	Ungraded—Men	Bartlett
Mrs. Victorine Olivier	Class I—Men	High
Miss Margaret O'Shea	Citizenship A	High
Mrs. Katherine Porteus	Citizenship B	High
Mrs. Bessie Quinn	Class II—Women	East Side
Mrs. Mary Seveigny	Ungraded—Women	High
Mrs. Edna Thompson	Ungraded—Women	High
Mrs. Alice White	Class II—Women	Bartlett
Mr. Henry S. White	Advanced Course A	High
	Typewriting	

Mrs. Mary Wilson .....Class III—Women .....Brown

Substitutes

Miss Ruth Caird — Mr. Sanford Swasey
Mr. Chester Goldsmith — Mrs. Marie Yandow

Miss Grace Johnston, Clerk.

In charge of registrations, registers, minors' reports and office work generally.

The maximum salary is three dollars per evening. There are three sessions each week.

Regular monthly socials bringing all the classes in the city together continue.

His Honor, Mayor King, visited the different buildings at the opening of the school year and extended a cordial welcome to the pupils on behalf of the citizens of Berlin. Such a greeting was much appreciated and the good fellowship manifested that evening has prevailed throughout the year, especially at our social gatherings. All the members of the Board of Education were present at the Thanksgiving social and each in turn encouraged the pupils to attend school, congratulated them upon the progress they had made and assured them of the continued support of the Board.

The teachers and pupils of the day schools have contributed to the entertainment at all the social events and many citizens have assisted by their presence. Through the cooperation of these various forces the evening school has developed into a real community center.

Washington's Birthday, February 22, has been selected for the graduation exercises which will close the year's work.

A reading room is being prepared at the Junior High School building for pupils' use in the future. Information in regard to citizenship papers may be obtained there.

There is an increasing demand for broader continuation work and I therefore recommend that plans be considered to accommodate more pupils of this class another year.

In conclusion, I wish to express to you my appreciation for the helpful suggestions you have given and the many courtesies extended throughout the year. I wish also to thank the Board of Education, the teachers and substitutes for their loyal cooperation.

Respectfully submitted,
MARGARET E. MAHANEY,
Director of Evening Schools.

Medical Inspection

January 31, 1923.

To Superintendent Carl M. Bair:

I herewith submit my third annual report as School Nurse for the Public Schools of Berlin.

During the first year as School Nurse I found it necessary to spend most of my time in school with the children as there was considerable work to be done. This gave an opportunity to become acquainted with each child. Health Officers were appointed and a daily inspection in each grade is made. This helps to keep us in touch with all cases of sickness and in giving 100% cleanliness.

Health subjects and posters (made by school children) have helped greatly to impress on them the importance of health rules. Parents were notified through the mail on defects found, except in acute cases and fairly good results were obtained. This year having become acquainted with the children I was desirous of meeting as many of the parents as possible. All defects found in the grade schools I have explained personally to the parents and what treatment would be necessary. Co-operation of the parents has been splendid and shows the following results:

Number of defects reported:

	Number
Decayed Teeth	465
Enlarged Tonsils	78
Enlarged Glands	14
Heart Disease	5
Orthopedic Defects	6
Defective Vision	108
Defective Hearing	11
Adenoids	9
Nasal Obstruction	3
Pediculosis	38
Skin Disease	7
Malnutrition	30

The Following shows attention given to defects:

Total Attention	323
Partial Attention	72
Condition Improved	27
Had Advice	30
No Attention	149

Number of visits made from February 1st 1922 to January 31st 1923.

Surgical	669
Medical	336
Ocular	38
Dental	41
Investigation	292
Children accompanied to doctor	15
Children accompanied to hospital	5
Children teeth cleaned by nurse	14
Total number of calls	1,401

All minor cases were treated weekly in each school.

Children taken out of school because of contagion.

Cases of Itch	12
Cases of Whooping Cough	16
Cases of Impetigo	3
Cases of Pink Eye	3

The Junior Red Cross has helped the following cases:

Six cases of Defective Vision (supplied with glasses).

One case of Defective Hearing (receiving attention).

Two Orthopedic cases (receiving attention).

Eighteen children supplied with clothes.

Children attending Tuberculosis Clinic:

Six cases (Incipient) Improved.

Five cases (Suspicious) Improved.

One case (Incipient) Sent to Glencliff Sanitorium.

Four cases (Arrested).

One case (Non Tubercular).

At a Tonsil Clinic held in Cascade School on May 20, ten children were successfully operated on.

An Orthopedic Clinic was held by Doctor Metcalf of Concord in June. Twenty-one cases were examined. All school cases are receiving attention.

Now that the dental room at the new High School is fully equipped we hope that all the worthy cases among the school children may receive immediate attention.

Respectfully submitted,

FRANCES E. FOXALL.

Physical Training for Girls

To Superintendent Carl M. Bair:

The opening of schools in September marked the beginning of systematic physical training in the public schools from the first grade to the seventh.

The work for the lower grades has consisted of rhythmic exercises to promote quick response of muscles to music, simple singing games and folk dances to instill the play spirit in groups, both small and large.

For the higher grades special attention has been paid to posture work, such as correct position at desk, standing and walking, folk dances and games especially adapted to school room.

There is a vacant room in every building which may be used for the gymnasium and the children enjoy going to a special room for these exercises and no time is lost, as one class enters the other passes out. I would suggest that these rooms be kept for this purpose and that dumb bells and other apparatus be added to equipment for the opportunity classes.

In December two programs were presented at the Brown and Bartlett Schools. These programs combined this work with the musical department. Many parents and friends attended these exercises.

The Victrola has added much to the enjoyment of the children, one having been recently provided for the Cole School, making that equipment in every building complete. Through the efforts of Mr. Bair and the Board of Education educational records have been supplied for this particular work.

In the spring work will be encouraged out of doors preparatory to a Field Day in which every grade will have a part.

It is gratifying to note the enthusiasm of the children in accepting this work. This, with the splendid cooperation of the teachers and the kindly interest of Mr. Bair and the Board of Education, has more than promised an encouraging beginning.

Respectfully submitted,

LOUISE D. LEIB,

Physical Director for Girls.

Penmanship Report

When the public schools began in September, 1922, a uniform system of writing was started, the Palmer Method of Business writing being used. Of course there were difficulties to overcome, especially in the higher grades. To the children it was something entirely new. They had their own style of writing, using cramped fingers and sitting with stooping shoulders. To change over to a comfortable position and to learn to give their fingers a rest when writing was not as easy as it would seem.

I am glad to be able to report that most of the pupils in the grades I to VI have formed the habit of sitting up straight and of using a light easy muscular movement when writing. Easy movement is secured because they use no cramped fingers or hard clenched pens.

After position and movement is obtained it only needs correct practice and practical application to all written work. The pupils are now in a position to apply Palmer Movement to all written work. It will do no good to practice Palmer Writing during writing and then when it comes time to write spelling words go back to their old form.

For next year I would suggest that each building receive The American Penman. This will give each grade teacher an opportunity to read the articles on the teaching of penmanship and to carry out the ideas in her class room.

Competition is also a great incentive to school work. Schools or grades may compete for the best work.

I would also suggest that each teacher use the standard charts prepared by the Palmer Company for testing efficiency in the Palmer Method of Handwriting. There is a standard prepared for each grade..

Drawing Report

Supervised drawing was begun in the public schools of Berlin in September, 1922. The subject was new to the children and the teacher and of course took some time to get started and discover how best drawing could serve the children.

After close observation I discovered that the greatest need of the pupils was coordination between their hands and their minds. Most of the work which I have given has been with the object in view of training the children to use their hands. Therefore much construction work and free hand cutting has been necessary.

The pupils have been encouraged to use original ideas instead of copying suggestions of the teacher. Free hand illustrations of stories and home life have been used for this purpose.

Color has not been neglected. All grades have been instructed in color and color combinations. Stick-printing outfits were used in the first, second and third grades and water-colors in the fouth, fifth and sixth grades.

I would suggest that next year Art Appreciation be taught in all the grades through the use of the Elson Prints and the Perry Pictures.

Freehand drawing of still life objects, design, and perspective should be started next year. The boys of the sixth grades should begin Mechanical Drawing.

Respectfully submitted,

LEORA COREY,

Supervisor Penmanship and Drawing.

THIRTIETH ANNUAL REPORT

OF THE TRUSTEES OF THE

PUBLIC LIBRARY

OF THE

CITY OF BERLIN, N. H.

FOR THE YEAR ENDING

JANUARY 31, 1923

ETHEL E. GOSS, Librarian
MISS MAILMAN, Assistant Librarian
JULIA LAFFIN, Charge of Children Dept.

Report of Library Trustees

Berlin, N. H., February 1st, 1923.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—

The Board of Trustees of the Berlin Free Public Library herewith submit their thirtieth annual report, together with the Treasurer's statement and the Librarian's report.

The Board has been handicapped for several years by lack of funds, but because of a decrease of $500 in the appropriation we have been handicapped more than ever.

The figures for this year show a 1,200 volume increase in the number of books circulated in 1922. The number of English novels is only 24 more, so that the 1,200 volume increase in the circulation noted above has been in non-fiction and French fiction. The circulation of French fiction has increased from 481 volumes in 1921 to 1,380 in 1922. Several French-speaking people are now using the library for the first time. A few French books are added each month, and we hope to enlarge the collection during the coming year.

We now have a branch library at the Brown School open three nights a week, and many are taking advantage of it.

The library staff has remained the same throughout the year, Miss Goss as librarian, Miss Mailman assistant and Miss Laffin in charge of the children's department.

Our appropriation is still below the average for cities of similar size, but we have sufficient funds to carry on the work until the new appropriation is made. We respectfully ask an increase in this appropriation, as there are repairs to be made for the upkeep of the building and we are in need of many new volumes to keep the library abreast of the times.

We feel the year has brought an appreciable amount of success, and that the staff has shown interest in its work and faith-

fully assumed the responsibility of extending the library's service to every one.

Respectfully submitted,

KATE BARNEY McCRYSTLE,
ANNE WESTON TWITCHELL,
E. R. B. McGEE,
Trustees.

Treasurer.

Librarian's Report

To the Board of Trustees of the Berlin Library:

The 30th annual report of the Librarian of the Free Public Library is herewith submitted.

The figures for this year show a 1,200 volume increase in the number of books circulated this year. This is both remarkable and encouraging, since only about one-half as many new books have been purchased as were purchased during 1920. We have been able to obtain most of the new books having an important general interest, and much of the best new fiction, but neither, owing to the decrease in the library appropriation, in such quantities as to satisfy the popular demand. The number of magazines taken out has been less than last year; the number of English novels is only 24 more, so that the 1,200 volume increase in the circulation noted above has been in non-fiction and French fiction. The circulation of French fiction has increased from 481 volumes in 1921 to 1,380 in 1922. Several French-speaking people are now using the library for the first time. A few French books are added each month, and we hope to enlarge the circulation during the coming year.

Last winter a series of meetings was held at the library for the review and discussion of new and important books. The librarian wishes to express her gratitude to Messrs. M. H. Wiggin, M. J. Smith, W. L. Bennett, R. P. Coombs, J. A. Goss, and Col. O. P. Cole for the interesting book reviews contributed to the success of the project. These reviews were given for the purpose of bringing important non-fiction to the attention of the public. The books reviewed have been in steady demand, and the project will be continued this winter.

Children's Book Week was observed by a display of new children's books, by the playing of a children's collection of Victor records loaned by Mr. E. A. Steady, and by two story hours. At one of these 195 children were present.

The most important gift of the year was from the Woman's Club. They gave seven volumes of Fabre's "Souvenirs Entomo-

logiques'' translated into English, the ''Standard Dictionary of Facts,'' the ''Standard Question Book and Home Study Outline,'' and the ''Life and Letters of Walter H. Page.''

Most of the library patrons use it exclusively as a source of reading matter to pass a dull hour. It is really informative that so many people, especially the younger ones, have no interest whatever in anything but stories, and usually in only one type of story. We would humbly suggest to parents that the library contains many books that are quite as readable as most stories, and that each young patron be urged by them to read one biography, book of travel, discovery, or history for each nine cowboy or detective novels he is now reading. Since example is the most effective spur, we wish that the adult public could be induced to make the same rule for themselves. As the one example of the year of systematic reading, most honorable mention should be made of Mr. Alphonse Carbonneau, who added to the usual amount of fiction, the History of North America in twenty volumes.

The staff wishes to thank all who have given either books or service to the library during the past year.

Circulation Statistics

Number of volumes in circulation Dec. 31, 1921	7,418

ULRIC DUVAL,

City Sealer of Weights and Measures.

Report of Overseer of City Poor

To His Honor, the Mayor, and City Council of Berlin, N. H.

Gentlemen:

I herewith submit my report as Overseer of City Poor for the fiscal year ending Jan. 31st, showing an unexpended balance of $676.75 and an actual expenditure of but $823.25 for the full year.

In view of the fact that I am leaving Berlin and the probability of my never living there again, precludes any possibility of my ever serving the City in this capacity again, and after having administered the work of this perhaps not highly important office of the City Government for over thirty-three years—in fact every year since the office was created—I can only say, I appreciate the confidence placed in my judgment and ability by the past and present City Governments and the Citizens in general.

It is a source of pride to me that the City of Berlin shows by its records at Concord as having fewer City pauper cases than any City in New Hampshire.

What little credit may be due me I attribute largely to my knowledge of the pauper laws—which are very complex and confusing to one not wholly familiar with them.

At the present time conditions in Berlin are about normal—in fact better than in almost any other part of the State. Labor is well employed and while some necessities are high in price—like fuel—this condition exists everywhere—and to my knowledge there has been no suffering in Berlin this Winter.

In closing—many thoughts come to me here that would not perhaps appear proper in a "department report," but I will take the liberty of saying, I shall never lose my interest in the City of Berlin and shall ever be proud of its growth and development.

To Mayor King—whose good judgment and fairness has been fully appreciated by me these past years, in whatever I have taken

to him—I wish to extend my sincere thanks. And to all Councilmen and department heads and employees about the City building who have so readily assisted me in the discharge of my duties, I take this opportunity to record my appreciation.

Respectfully submitted,

A. B. FORBUSH,

Overseer of City Poor.

Boonton, New Jersey,
January 31st, 1923.

Public Works Department

Berlin, N. H., January 31, 1923.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—The following is the report of the Public Works Department for the year ending January 31, 1923.

For the purpose of condensing this report as much as possible, in submitting the same to you, I shall not give you the different jobs and cost of same in detail, but will state briefly some of the larger expenditures in this department the past year. Anyone wishing to know the cost of the many jobs which are not mentioned in this report will gladly be shown at any time the books kept by this department which show the cost of each job.

All the work has been completed this year in a very satisfactory manner. There were some jobs left over from last year, these were completed as well as all work ordered to be done this year. As far as possible the work done this year has been of a permanent nature and at the present day our streets, with the exception of a part of Main Street, compare favorably with other New England cities.

We find that the cement concrete sidewalks which we built two years ago as well as the cement concrete streets built a year ago have withstood our cold and severe winter very satisfactory, convincing us that it is practical to use cement concrete in our permanent construction. The first cost of this work is somewhat high, but the maintenance being practically nothing we think it is the most economical.

Our cement sidewalks this year were laid by J. E. Byron. Mr. Byron being the lowest bidder at a cost of $2.23 per square yard including excavating for same, the city furnishing the cinders for the foundation.

There were laid this year 2,329.27 square yards of cement sidewalks on the following streets:

Goebel street, Strafford street, Champlain street, Grafton street, Mason street and Main street. Total cost $5,498.40.

On Mason street there were laid 857.8 yards of cement concrete paving at a cost of $2,221.28.

This year the city laid about a mile of reinforced concrete street on our Trunk Line leading towards Milan, continuing from where it was left off last year. This piece of concrete road was put up for bids and let out by Mr. Everett the State Highway Commissioner. There were a number of bids on this work and Mr. Byron being the lowest bidder was awarded the contract. The cost of this Concrete Road was $31,296.26, one-half cost being paid by the city and one-half by the State.

There were laid 11,201.7 square yards of bituminous concrete on the following streets:

York street, First avenue, Main street, Goebel street, Pleasant street and School street. Cost $28,004.25.

Sidewalks and crosswalks were laid down on the following streets with tar concrete as a concrete curb had already been built on these streets:

York street, Sweden street, Main street and School street. 2,253.9 square yards at a cost of $4,175.37.

The largest account in this department is our street maintenance. It includes the repairs and maintenance of all our city streets, sweeping and cleaning the same, removing snow and sanding sidewalks, cleaning out catch basins and taking care of the surface water, painting and repairing fences, guard rails and bridges. Cost of same $39,464.28.

This account is somewhat larger than last year owing to the heavy snowfalls, the removal of this snow has cost the city up to February 1st about $7,000. In order to make our streets and sidewalks in a good passable condition which I think we have accomplished to the satisfaction of our taxpayers, this work was done.

The next largest account is our road maintenance. Cost of same $6,289.48. This includes all the repairs and maintenance of our roads outside the compact section of our city.

Our sewer maintenance during the past year cost $4,405.14. As many of our sewers were laid years ago they have become too small to do the work and require a great deal of attention and repairing.

The collection of garbage and burning of same at our incinerator plant cost $9,221.14.

The collection of ashes cost the city this year $2,378.64.

Our patching account cost $2,034.89. This includes the patching of Main street and old waterbound macadam roads which needed attention.

The city's proportional part of our state road maintenance and state aid maintenance was $2,091.79. An equal amount was expended by the state. This work is not included in the cement concrete road previously mentioned in this report.

The following sewers were constructed at a cost of $10,522. In the laying of these sewers a large amount of ledge was uncovered and had to be blasted out, making the cost of same quite expensive.

Fourth street sewer, 330 feet 6-inch.

Hutchins street sewer, 225 feet 6-inch.

Western avenue sewer, 87 feet 15-inch.

Carroll and Sullivan street sewer, 330 feet 6-inch.

Park street sewer, 316 feet 15-inch.

Burgess street sewer, 498 feet 10-inch.

Horne street sewer, 146 feet 8-inch.

Finland street sewer, 130 feet 6-inch.

Third avenue sewer, 236 feet 8-inch, 62 feet 6-inch.

Second avenue sewer, 90 feet 6-inch.

York street sewer, 208 feet 10-inch, 26 feet 8-inch, 30 feet 6-inch.

Hillside avenue sewer, 594 feet 6-inch.

Norway street sewer, 120 feet 10-inch.

Forbush Park on Lancaster street, Coos street and Beaudoin street, 1,050 feet 10-inch, 400 feet 12-inch, 130 feet 18-inch.

One of the best jobs done this year was on School street. We expended $8,551.26 completing this work as far as the Burgess School line. It is the intention of the city officials connected with this department that this work be completed next year as far as Third street.

Another expensive job in this location is the taking care of the water that flows down from the high land back of the Burgess School and causing damage to property east of School street. I would recommend that these two jobs mentioned be the first work to be done next spring.

More permanent work should be done on the East Side as well as in all other parts of our city.

It is understood that the state and the city will cooperate in building another mile of cement concrete road on our Trunk Line leading towards Milan. This matter should be taken up at

once with the state officials to see that this project is carried out.

If the permanent work is to be continued from year to year in this department, and the many demands of our taxpayers in our outlying districts are to be complied with, this department must have a substantial increase in their appropriation in the future if we are to keep within our appropration.

Public Works Inventory

One steam road roller	$3,300.00
One concrete mixer and boiler	900.00
One road machine	200.00
One road machine	155.00
One stone crusher, engine and boiler	1,350.00
One stone crusher with bins complete	2,500.00
Nine sidewalk plows	578.00
One gutter plow	75.00
One electric drilling outfit complete	1,400.00
Two street sprinklers	1,000.00
One hand concrete mixer	50.00
One machine street sweeper	290.00
Seven sanitary street carts	100.00
Storehouse buildings	4,000.00
One garbage wagon	250.00
Two garbage sleds	150.00
One thawing machine	60.00
Two road drags	50.00
Garage equipment	400.00
One blacksmith outfit	1,000.00
One hand pump	45.00
One blasting battery	30.00
One steam drill	50.00
One extra crusher screen	90.00
Three bottom dump wagons	375.00
One four-horse wagon	150.00
Two four-wheel dump carts	225.00
Two contractor's carts and harness	300.00
Three hundred feet fire hose	130.00
One 20 h. p. motor	225.00
One 30 h. p. motor	350.00
One 20 h. p. starter	125.00
Office equipment	700.00
Five express sleds	250.00

One double sled	50.00
Two sets double sleds	200.00
Five snow bodies	100.00
Miscellaneous small tools and materials	2,000.00
Sewer pipe	250.00
One International motor truck	800.00
One Mack Motor truck	3,933.32
One White truck	4,500.00
One Commerce truck	2,666.87
One Buick roadster	1,500.00
One Austin pressure road oiling machine	300.00
Ten horses	2,250.00
One Champion snow plow	300.00
7,500 gals. Tarvia in tank	975.00
Three pair work harness	210.00
Four express harness	200.00
Blankets, halters and stable equipment	300.00
Two jackhammers and drills	270.00
100 yards crushed rock, peastone and dust	300.00
300 yards rock ready for crusher	600.00
Five cords blasting wood	60.00
Two Tarvia tanks, foundation and piping for same	2,406.59
One snow roller	225.00
One steam scarifier	950.00
Iron manholes and grates	159.00
Auto crusher and steam oil	120.00
Hay and grain	100.00
One tar heating kettle	150.00
Iron gutter pipe	100.00
Galvanized pipe (culvert)	75.00

In closing I wish to express my thanks to the Mayor, City Council, Public Works Committee and the City Engineer for the many courtesies shown me in the performance of my duties.

Respectfully submitted,

O. W. FERNALD,

Commissioner Public Works.

Office and Laboratory of the Department in the City Hall. Tel. 272-W. Board of Health Office, City Hall. Open from 9:00 a. m. to 12:00 m. 1:30 to 5:00 p. m. daily except Saturday. Saturday 9:00 to 12:00 m.

*Resigned.

Board of Health

REPORT OF THE BOARD OF HEALTH

Berlin, N. H., January 31, 1923.

To His Honor, the Mayor, and City Council of the City of Berlin, N. H.

Gentlemen:

We have the honor to submit the twelfth annual report of this department, covering the activities for the past year.

We would like to call your attention to the fact that the death rate and infant mortality rate is the lowest that it has been in the history of the city. Also that there is a great increase in the amount of laboratory work performed as this important department becomes known.

We inclose the recommendations of the health officer. In order to carry out these recommendations this Board feels that for the ensuing year an appropriation of $8,000 is necessary.

Respectfully submitted,

DR. H. E. WILKINSON,
Chairman.

HENRY BLACKBURN,
Secretary.

REPORT OF THE HEALTH OFFICER

Berlin, N. H., January 31, 1923.

To the Board of Health of the City of Berlin, N. H.

Gentlemen:—I have the honor to submit herewith the Annual Report of the Health Department, covering its activities during the past year. The health of the community has been excellent and the gross death rate is the lowest in the history of the city. Infant mortality has also decreased this year and I will go into more detail regarding this under a separate heading.

Vital Statistics

Vital statistics is the science of numbers applied to the life histories of communities and nations. Public health work can not be directed intelligently without statistics, any more than a business can be conducted with a profit without a record of income and expenditures. According to Prof. George C. Whipple, "Vital statistics are useful for many purposes. To the historian they show the nation's growth and mark the flood and ebb of physical life; to the economist they indicate the number and distribution of the producers and consumers of wealth, to the sanitarian they measure the people's health and reflect the hygienic conditions of the environment.

Population

The population of Berlin on July 1, 1922, was estimated at 16,934. To obtain this figure I have used the Federal Census Bureau's figures of 16,104 for 1920 and 11,780 for 1910. Table I shows the estimated population by wards and for the city from 1920 to 1922.

Table I

Estimated Population by Wards, 1920-1922

	Ward 1	Ward 2	Ward 3	Ward 4	City
1920.....	4,919	4,319	3,463	3,403	16,104
1921.....	5,008	4,348	3,493	3,687	16,536
1922.....	5,097	4,377	3,523	3,937	16,934

Deaths

During the year there were 156 deaths of residents of Berlin, and 11 non-resident deaths; giving a resident death rate of 9.2 per 1,000. This is the lowest rate in the history of the city.

Table II shows the number of deaths and deaths per 1,000 for the wards of the city from 1920 to 1922.

Table II

Total *Deaths and Deaths per 1,000, by Wards, 1920-1922

	Deaths	Deaths per 1,000
WARD 1		
1920	62	12.4
1921	52	10.4
1922	35	6.9
WARD 2

Taking the chief causes of death as shown in Table IV which were abstracted from Table III we find that there is a striking decrease in the deaths from diarrhoea and enteritis under two years. There was also a slight decrease in the number of deaths from causes peculiar to early infancy.

Deaths from organic diseases of the heart and pneumonia show an increase over those of the previous year.

Table IV

Chief Causes of Death, 1920-1922

	1920	1921	1922
Premature births and causes peculiar to early infancy	33	36	26
Diarrhoea and enteritis, under 2 years	19	13	4
Organic diseases of the heart	12	13	17
Pneumonia, all forms	21	13	19
Cancer, all forms	8	9	6
External causes	14	9	7
Simple meningitis	3	8	3
Tuberculosis, all forms	6	6	7
Apoplexy	8	6	3
Acute endocarditis	4	6	4
Peritonitis	6	6	2
Scarlet fever, typhoid, diphtheria, etc	5	5	9

In looking over the deaths by age groups from Table IV we find that there were 47 deaths under one year as contrasted with 65 for 1921. The number in this group is larger than in any other and constitutes practically 30% of the total deaths.

In the age-group 1 to 4 years there was a noticeable decrease in the deaths from 19 for 1921 to 9 for this year.

There were 96 deaths of native whites and 60 of foreign born whites.

Births

There were 535 births during the year and the birth rate for the year is therefore 31.6 per 1,000, which is a decrease of 3.9 per 1,000 from last year.

Of these 535 births, 260 were of foreign born mothers and 275 of native white mothers.

Table V shows the total births (exclusive of stillbirths) and births per 1,000 by wards from 1920 to 1922.

Table V
Total Births*, and Births per 1,000, by Wards, 1920-1922

	Births	Births per 1,000

Total	535

*Exclusive of stillbirths.

Infant Mortality

"The movement to prevent needless infant deaths is only recent. A high infant mortality rate results in the sacrifice of the unfortunate as well as the unfit. Poverty and ignorance, are underlying factors of great importance."

The infant mortality rate for 1922 is 88.0 per 1,000 living births. This is the lowest rate on record.

From Table VII we find that the deaths from congenital debility constitute almost one-half of the total infant deaths. I feel that a great deal of these deaths might be prevented by proper educational methods with the prospective mother.

We also find from Table VII that 33 or 70% of the deaths occurred during the first month of life.

Table VII
Causes of Death Under One Year by Months and Wards, 1922

	Cause of Death	First Month										Months											
		Days							Weeks														
		1	2	3	4	5	6	7	2	3	4	2	3	4	5	6	7	8	9	10	11	12	Total
61	Acute meningitis	..	..	..	..	..	..	..	..	..	..	..	..	1	..	..	1	..		..	..	..	2
91	Bronchopneumonia	..	..	..	..	..	..	1	..	2	..	1	1	..	1	..	..	1	..	..	1	..	8
92	Lobar pneumonia	..	..	..	..	..	..	..	..	..	1	..	..	..	..	..	..	..	..	..	..	..	1
93	Empyemia	..	..	..	..	..	..	..	..	..	1	..	..	..	..	..	1	..	..	..	..	..	2

104	Diarrhoea and enteritis (under 2)	..	..	..	..	..	..	..	..		1	..	1	1	..	..	..	..	..	..	..	..	3
134	Premature birth	..	..	..	..	..	..	..	1	..	..	..	..	..	..	..	..	..	..	..	..	..	1
150	Congenital malformations	2	..	2	..	..	..	..	..	..	..	..	..	..	..	..	..	..	..	..	..	..	4
151	Congenital debility	8	2	..	..	..	..	1	1	..	6	2	..	1	..	..	..	..	..	..	..	..	21
152	Other causes peculiar to early infancy	2	..	..	1	..	..	..	1	..	..	..	..	..	..	..	..	..	..	..	..	..	4
	Totals	12	2	2	1	...	..	2	3	2	9	3	2	3	1	1	2	1	..	..	1	..	47
	Ward 1	3	1	1	1	..	..	1	..	1	4	1	..	1	..	1	1	..	..	..	..	..	16
	Ward 2	3	..	..	..	..	..	..	2	..	1	..	1	..	..	..	..	..	..	..	..	...	7
	Ward 3	4	1	1	..	..	..	..	..	1	1	1	..	1	1	..	1	1	..	..	1	..	14
	Ward 4	2	..	..	..	..	..	1	1	..	3	1	1	1	..	..	..	..	..	..	..	..	10

Table VIII shows the infant mortality by wards.

Table VIII

Infant Mortality by Wards, 1922

	Ward 1	Ward 2	Ward 3	Ward 4	City
Births	170	139	103	123	535
Deaths	13	9	12	13	47
Infant Mortality	76.5	64.5	116.5	105.7	88.0

Considering this table we find that Ward 3 has 103 births and 12 deaths with a resulting rate of 116.3, which is the highest for any of the wards. Ward 4 comes next with 105.7; Ward 1 follows with 76.5; Ward 2 having the lowest rate, that of 72. While the rate for the entire city is much lower than previous years, there is still a great deal of work to be done to endeavor to reduce this rate, especially in Ward 3.

Table IX shows the mortality for ages 0-4 years for the years 1920-1922.

Table IX

Mortality for Ages 0-4 Years, 1920-1922

	Deaths	Per Cent of Total	Per 100,000 Population
1920	86	42.4	534
1921	84	46.8	508
1922	56	35.9	331

I feel that a great deal of work in reducing the infant deaths here in the city can be credited to the excellent work of the Baby Clinics and I feel that a great deal of credit is due Miss Laura Swetland for her work. During the year the city has introduced a nurse for prenatal and infant work and we have been very fortunate to obtain the services of Miss Myra Ellis, a nurse of wide experience in this work, and one whom I am sure will work for the best interests of the city. It is my hope to eventually have this department take over the Baby Clinics and such related work.

Stillbirths

There were 18 stillbirths during the year, an increase of 8 over that for 1921.

Communicable Diseases

The city as a whole was very fortunate regarding epidemics and cases of communicable diseases during the past year. Al-

though there were a number of cases of measles and scarlet fever in surrounding communities we had only 10 cases of scarlet fever and 2 of measles.

Unfortunately, however, we had a very serious outbreak of typhoid fever on the East Side of the river. There was a total of 8 cases and 5 deaths, all of the latter occurring in one family.

Conditions at this place were very bad and the people and officials were warned of conditions, and informed of the improvements necessary to correct the evils. As is often the case, only after the outbreak and deaths was this section connected with city water and the sewer system.

Table X shows the communicable diseases in the city for the last ten years.

TABLE X

Tuberculosis

During the year there were 21 new cases of tuberculosis discovered in the city and three deaths. Of the cases, five were sent to the sanitorium at Glencliff, N. H., and two moved away from the city.

There were 303 examinations of patients during 1922 of which 114 were new, 54 of which were found non-tubercular. The results are shown in the following table:

Table XII

Distribution of Tuberculosis Cases—1922

Suspicious	50
Incipient	102
Moderately advanced	37
Advanced	10
Arrested	50

I feel that Miss Emma Barker, supervising nurse, deserves credit for her excellent work, a work of unlimited value to the community.

Scarlet Fever

There were 10 cases of scarlet fever during the year, thirteen less cases than a year ago. Most of the cases were mild and with no fatalities.

Measles

The city was practically free from measles during 1922, there being only 2 cases reported as contrasted with 15 for 1921.

Diphtheria

There were 8 cases of diphtheria during the year with 3 deaths. This is very much to be lamented for with our present day knowledge of the results of the use of anti-toxin, deaths from this disease can be prevented. In the three deaths this year, medical attendance was delayed until it was too late for anti-toxin to be of value.

I feel that it would be of great value to the city to have this Board introduce the Schick test to determine the susceptibility to diphtheria, and the injection of toxin-antitoxin for susceptible persons. This treatment confers what is practically a lifetime immunity to this disease. This work is being carried on in cities all over the country with excellent results.

Smallpox

There were no cases of smallpox in this city during 1922. This is as it should be, for with vaccination, the efficacy of which we have known for 125 years, a person contracting the disease has nobody to blame but himself.

There is at the present time considerable agitation here in New Hampshire to have the law requiring compulsory vaccination repealed. This would be one of the worst things that could happen to any community.

The experience of Kansas City and Denver, cities without compulsory vaccination, should be a lesson to everyone. In Denver they had very close to 900 cases during the past year with almost 300 deaths, and over 91% of the deaths occur among the unvaccinated population as against 9% for those who had been successfully vaccinated. With the introduction of vaccination the epidemic stopped. The economic loss to the city was huge, but this loss, as well as a great many of the deaths could have been prevented by vaccination.

Division of Laboratories

The work of the laboratory continues to develop as the work of this department becomes known. The work performed in this

branch is of wide variety and covers pathological work, chemical and bacteriological examination of milk, cream, ice cream, water and various food products.

The following table shows the results of the pathological examinations:

Table XIII

Pathological Examinations, 1922

	Positive	Negative	Total
Gonorrhoea	53	21	74
Diphtheria	4	18	22
Tuberculosis	19	74	93
Malaria		1	1
Blood			12
Miscellaneous			8

Table XIV shows the total examinations of milk, cream, ice cream and water by months for 1922.

Table XIV

Chemical and Bacteriological Examinations, by Months, 1922

September	30	17	47
October	22	10	32
November	18	12	30
December	15	10	25

Milk Supply

The milk supply of the city for the past year has on the whole, been satisfactory, and considering that the entire supply is a raw milk I feel that we have been very fortunate in being free from milk-bourne epidemics.

During the year practically all herds in Milan supplying milk to this city were tested for bovine tuberculosis and all reactors

were eliminated. With the coming spring I hope to be able to have the herds at Jefferson tested in the same way and thus eliminate the danger of tuberculosis from this source.

Water Supply

The water supply for the city has been satisfactory during the past year and will so continue so long as no water from the river is used. The water from the river does not receive proper treatment for use as a drinking water, and such use is very much to be condemned.

Publicity

During the year I have endeavored to give a few articles to the local paper with the idea of educating the public to health measures. A paper was given at the State Conference of Health Officers at Concord and another one before the New England Conference of Tuberculosis Workers at Augusta, Me.

Recommendations

Before closing this report I would like to make the following recommendations:—

1. The introduction of two nurses trained in public health work.

2. The introduction of the Schick test and immunization by the use of toxin-antitoxin.

3. The taking over and management of the Baby Clinics by this department to promote centralization of health work.

Conclusion

In concluding this report I wish to extend my appreciation for the cooperation given me by this Board, His Honor, the Mayor and City Council; to the paper for space gladly given; and to local organizations which have given me support.

Respectfully submitted,

RICHARD H. COOMBS,

Health Officer.

Respectfully submitted,
RICHARD H. COOMBS,
Health Officer.

Financial Reports

Municipal Regulations

For the Payment of all Bills Against the City

All bills against the city must be approved by the person authorizing the charges; and unless this is done no action can be taken upon the bill by the committee on Accounts and Claims, and no order will be given for its payment. When bills are certified as to above, and left with the City Clerk not later than 12 m., on the Saturday preceding the first Tuesday of each month, they will be audited by the Committee on Accounts and Claims and if approved by them and allowed by the Council, will be ready for payment on the following Thursday at the office of the City Treasurer.

Meetings of the Committee on Accounts and Claims are held on Monday preceding the first Tuesday of each month, and the regular meetings of the City Council are held on the first Tuesday of each month at 8 o'clock p. m.

Report of Finance Committee

Berlin, N. H., Feb. 12, 1923.

To the Honorable Mayor and City Council:
Gentlemen:

The Committee on Finance hereby submits its report for the fiscal year ending January 31, 1923.

The Auditor's Report, to be found elsewhere in this volume gives an accurate account of the financial affairs of the city. The Auditor has found all vouchers and books to be accurate and properly entered.

You will note if a Bond Issue had not been issued in the past year your city debt would have been reduced approximately $108,000.00. The Committee feels that the money spent on Bond Issue is well spent. We see no reason at this time why the tax rate could not be reduced to some extent the coming year.

The Financial Committee submits the following estimates for the amounts necessary to be raised for the ensuing year. We would recommend your honorable body to adopt same.

Board of Health	$ 7,500.00
Bonds	61,000.00
Cemetery	500.00
City Hall	5,000.00
City Poor	1,500.00
County Tax (estimate)	46,489.94
Election Expenses	2,500.00
Fire Department	45,000.00
Forest Fires	200.00
Free Beds, St. Louis Hospital	900.00
Grand Army	50.00
Hydrants	5,000.00
Interest	37,026.25
Lighting Streets	10,000.00
Miscellaneous	3,000.00
Sewer Note	10,000.00

Printing and Stationery	3,000.00
Police Department	29,000.00
Public Library	5,000.00
Public Works	150,000.00
Salaries	10,500.00
Schools	195,000.00
State Tax (estimate)	37,845.00
St. Louis Hospital	300.00
Parks and Playgrounds	2,000.00
	$668,311.19

Respectfully submitted,

E. J. KING,

F. C. HANNAH,

G. F. LOVETT,

Finance Committee.

Auditor's Report

Berlin, N. H., Feb. 12, 1923.

To His Honor, the Mayor, and City Council of the City of Berlin, N. H.:

I have examined the books and accounts of the Assessors, Tax Collector, City Clerk, City Treasurer and Clerk of Court for the year ending January 31, 1923, and find them in good condition and correctly kept.

Assessors

Total taxes assessed as per inventory book, $674,556.73, which amount has been committed to the Tax Collector.

Tax Collector's Accounts

U. Duval, for 1920.			
Balance due the city Jan. 31, 1922...		$ 714.46	
Collected during 1922.....		27.25	
Balance due the city Jan. 31, 1923			$ 687.21
U. Duval, for 1921.			
Balance due the city Jan. 31, 1922...		$ 13,138.53	
Abated during 1922	$ 196.40		
Collected during 1922.....	7,361.67		
		7,558.07	
*Balance due the city Jan. 31, 1923			5,580.46

*The discrepancy that exists between this account and the Tax Collector's is due to including "committed" taxes in the "uncommitted" account for 1921.

U. Duval, for 1922.

Total commitment by Assessors.....		$674,556.73	
Abated during 1922.....	$ 2,604.82		
Collected during 1922....	648,740.71		
		651,345.53	
Balance			23,211.20
Total amount of unpaid taxes, Jan. 31, 1923.....			$29,478.87

Resume of Treasurer's Cash Account

Balance on hand Jan. 31, 1922.....	$ 68,321.99
Received during year ending Jan. 31, 1923.....	842,105.39
Received from bonds sale.....	480,000.00
Received from note	10,000.00
	$1,400,427.38
Disbursed during year ending Jan. 31, 1923.....	1,280,770.56
Balance on hand Jan. 31, 1923.....	$ 119,656.82

This cash was verified Feb. 10, 1923, and found to be fully accounted for by deposits in the Berlin National Bank.

The cash disbursements as entered on the cash book agree with the vouchers and drafts.

The cash receipts from the City Clerk, Clerk of Court and Tax Collector have been verified by proper vouchers.
